**My Struggle: Macmillan** The third volume--the book that made Knausgaard a phenomenon in the United States--in the addictive New York Times bestselling series A family of four--mother, father, and two boys--move to the south coast of Norway, to a new house on a newly developed site. It is the early 1970s and the family's trajectory is upwardly mobile: the future seems limitless. In painstaking, sometimes self-lacerating detail, Karl Ove Knausgaard paints a world familiar to anyone who can recall the intensity and novelty of childhood experience, one in which children and adults lead parallel lives that never meet. Perhaps the most Proustian in the series, My Struggle: Book 3 gives us Knausgaard's vivid, technicolor recollections of childhood, his emerging self-understanding, and the multilayered nature of time's passing, memory, and existence. **The Struggle The Titan Series Book 3 Hachette UK** From the New York Times bestselling author of the Covenant and Lux series comes the third novel in the pulse-pounding, electric Titan series. A bloody path has been chosen... The war against the Titans continues, but now the most dangerous, most absolute power lies elsewhere... with Seth. The Great War fought by the few is coming... All may doubt and fear what Seth has become. All except Josie, the woman who might be his final chance at redemption. In the end, the sun will fall... The only way Seth and Josie can save the future and save themselves is by facing the unknown together. It will take more than trust and faith. It will take love and the kind of strength not easily broken. No matter what, their lives will never be the same. For what the gods have feared has come to pass. The end of the old is here and the beginning of the new has been ushered in... **Through Struggle, the Stars John J. Lumpkin** In 2139, a network of artificial wormholes has allowed humanity to reach nearby stars, where nations fiercely compete to settle new colony worlds. War is imminent between Earth's top powers, China and Japan, for reasons that no one entirely understands. Neil Mercer, a freshly

commissioned officer in the United States Space Force, is assigned to shepherd a senior spy on a covert mission that risks drawing America into the conflict. In a story featuring high adventure, interstellar intrigue and some of the most scientifically realistic space combat depicted in fiction, Neil and his comrades must face difficult questions about duty, citizenship and national interest as they struggle to discover why the war threatens to engulf every nation on Earth. Recommended for fans of Tom Clancy, Patrick O'Brian, and Robert Heinlein. Also available as an e-book at [www.thehumanreach.net](http://www.thehumanreach.net). "It's all great, good fun ... " -- Don Sakers, Analog Science Fiction and Fact, May 2012 "... a fine and fast-paced read, very much recommended." -- Paul T. Vogel, The Midwest Book Review, January 2012

**The Power** Jennifer L. Armentrout Originally published February 2016 With any great change, there is always strife, and the Covenant University has become the frontline between pure-bloods who want the Breed Order reinstated and the half-bloods who want the right to control their own destinies. Fate has other plans. The violence is escalating and war between the races seems inevitable, and it couldn't come at a worse time. Hyperion may be out of commission, but Josie and Seth know they have only earned a reprieve. Seth must get Josie fully prepared, which means controlling her newfound abilities, and they need to find the other demigods before the Titans do. But the gods are sensing a greater threat. Only one thing is more dangerous than a bunch of starved Titans, and that's an out-of-control Apollyon. The aether in Josie is drawing Seth in deeper, and when lust mixes with love and gives way to power, he knows being close to her is not only dangerous to her, but to everyone around them, but letting her go requires a level of selflessness that just isn't Seth's style. The paths taken in the past are becoming the roads of the future. Just as chaos breaks out, familiar faces from the past return, complicating the already strained bond between Josie and Seth, and when the danger from the Titans erupts with devastating consequences, the dark allure of power calls to Seth again, but this time Josie might not be able to pull him back. And when the struggle between power and love becomes the deadliest battleground, there may be no salvation.

**The Return** Josie's life is turned upside-down by the appearance of Seth, a sexy man who has made a deal with the gods and been assigned to protect her.
