The Wars of Watergate

The Last Crisis of Richard Nixon

Alfred a Knopf Incorporated "The definitive account of Watergate." -St. Louis Post-Dispatch

The Nixon Presidency

Power and Politics in Turbulent Times

Praeger The first study to integrate and interrelate key elements of the Nixon presidency, the volume traces Nixon's rise and fall emphasizing his presidency and Watergate. Also an investigation of "the presidency" broadly defined, the work is informed by concerns of both traditional political biography and of contemporary presidential scholarship. Genovese raises issues and questions vital to the presidency as he focuses on Nixon as political leader and on his style of decisionmaking and management. He concludes with an analysis of Nixon's impact on and legacy to the presidency.

Liveright Publishing Corporation

Watergate

The Corruption of American Politics and the Fall of Richard Nixon

Crown Sheds new light on the Watergate scandal that forced the resignation of Richard Nixon and altered the history of American politics

Reagan

A Life In Letters

Simon and Schuster Ronald Reagan may have been the most prolific correspondent of any American president since Thomas Jefferson. The total number of letters written over his lifetime probably exceeds 10,000. Their breadth is equally astonishing -- with friends and family, with politicians, children, and other private citizens, Reagan was as dazzling a communicator in letters as he was in person. Collectively, his letters reveal his character and thinking like no other source. He made candid, considerate, and tough statements that he rarely made in a public speech or open forum. He enjoyed responding to citizens, and comforting or giving advice or encouragement to friends. Now, the most astonishing of his writings, culled in *Reagan: A Portrait in Letters*, finally and fully reveal the true Ronald Reagan. Many of Reagan's handwritten letters are among the most thoughtful, charming, and moving documents he produced. Long letters to his daughter Patti, applauding her honesty, and son Ron Jr., urging him to be the best student he can be, reveal Reagan as a caring parent. Long-running correspondence with old friends, carried on for many decades, reveals the importance of his hometown and college networks. Heartfelt advice on love and marriage, fond memories of famous friends from Hollywood, and rare letters about his early career allow Reagan to tell his own full biography as never before. Running correspondence with young African-American student Ruddy Hines reveals a little-known presidential pen pal. The editors also reveal that another long-running pen-pal relationship, with fan club leader Lorraine Wagner, was initially ghostwritten by his mother, until Reagan began to write to Wagner himself some years later. Reagan's letters are a political and historical treasure trove. Revealed here for the first time is a running correspondence with Richard Nixon, begun in 1959 and continuing until shortly before Nixon's death. Letters to key supporters reveal that Reagan was thinking of the presidency from the mid-1960s; that missile defense was of interest to him as early as the 1970s; and that few details of his campaigns or policies escaped his notice. Dozens of letters to constituents reveal Reagan to have been most comfortable and natural with pen in hand, a man who reached out to friend and foe alike throughout his life. *Reagan: A Life in Letters* is as important as it is astonishing and moving.

Presidents and the Press

The Nixon Legacy

MIT Press (MA) Drawing on a long career as an investigative journalist, Joe Spear tells the chilling story of how the Nixon, Ford, Carter, and Reagan administrations have controlled and manipulated the press.

America's Commitment to South Korea

The First Decade of the Nixon Doctrine

Cambridge University Press The book analyses the strategic rationale of the American security commitment to South Korea in the light of the palpable failure of containment strategy in Indo-China. During the 1970s the dilemma confronting successive American administrations was that, whilst wishing to maintain their old commitment to South Korea, they had no desire to preside over another Vietnam. Military commitment and political support were necessarily disengaged, and the Nixon doctrine served as both the end and the means of containment strategy in Asia. The study identifies the principal conditions that have influenced changing American perspectives on South Korea, and examines some of the general problems of collective security in the region. Unique in the direct engagement of China, the Soviet Union and the United States, the security position of South Korea bears directly upon the achievement of peace and stability throughout East Asia.

Herblock's History

Political Cartoons from the Crash to the Millennium

"Herblock's History" is an article written by Harry L. Katz that was originally published in the October 2000 issue of "The Library of Congress Information Bulletin." The U.S. Library of Congress, based in Washington, D.C., presents the article online. Katz provides a biographical sketch of the American political cartoonist and journalist Herbert Block (1909-2001), who was known as Herblock. Block worked as a cartoonist for "The Washington Post" for more than 50 years, and his cartoons were syndicated throughout the United States. Katz highlights an exhibition of Block's cartoons, that was on display at the U.S. Library of Congress from October 2000. Images of selected cartoons by Block are available online.

Reinventing Richard Nixon

A Cultural History of an American Obsession

Nixon's role in the conspiracy and his public demeanor during each stage of the scandal are viewed from the perspective of a veteran investigative reporter.

At the White House

Assignment to Six Presidents

Putnam Publishing Group Details Pierpoint's experiences and observations during his career as a CBS White House correspondent, providing his view of the presidency during the Eisenhower, Kennedy, Johnson, Nixon, Ford, and Carter administrations

The Nixon Memo

Political Respectability, Russia, and the Press

University of Chicago Press An absorbing example of political journalism, The Nixon Memo is a case study of Richard Nixon's relentless quest for political rehabilitation. At issue is the key role of this former president of the United States (best known for his involvement in the famous "watergate" scandal) in the post-cold war debate about aiding Russia in its uncertain revolution. The story begins on March 10, 1992. Nixon had written a private memo critical of president George Bush's policy toward Russia. The memo leaked and

exploded on the front page of *The New York Times*. Why would Nixon attack Bush, a fellow party member fighting for re-election? Why on an issue of foreign affairs, which was Bush's strength? The questions are as intriguing as the answers, and distinguished journalist and scholar Marvin Kalb offers a suspenseful, eye-opening account of how our conventional wisdom on United States foreign policy is shaped by the insider's game of press/politics. This story of Nixon's Machiavellian efforts to pressure the White House, by way of the press, into helping Boris Yeltsin and Russia sheds new light on the inner workings of the world inside the government of the United States. Marvin Kalb read the documents behind the Nixon memo and interviewed scores of journalists, scholars, and officials in and from Washington and Moscow. Drawing on his years of experience as a diplomatic correspondent, he identifies and illuminates the intersection of press and politics in the fashioning of public policy. "An absorbing and often compelling argument that Richard Nixon directed his own political rehabilitation on the world stage, using presidents, lesser politicians, and the press as his supporting cast. This is a first-class job of unraveling a complex and usually unseen tapestry."—Ted Koppel "With Marvin Kalb's captivating account, Richard Nixon continues to fascinate us even in death."—Al Hunt

Answering the Administration's Call for Postal Reform--parts I, II, and III

Hearings Before the Special Panel on Postal Reform and Oversight of the Committee on Government Reform, House of Representatives, One Hundred Eighth Congress, Second Session, January 28, February 5 and 11, 2004

The Administrative Presidency

John Wiley & Sons

Blind Ambition

The White House Years

Open Road Media A six-month *New York Times* bestseller: "Not only the best Watergate book, but a very good book indeed" (*The Sunday Times*). As White House counsel to Richard Nixon, a young John W. Dean was one of the primary players in the Watergate scandal—and ultimately became the government's key witness in the investigations that ended the Nixon presidency. After the scandal subsided, Dean rebuilt his career, first in business and then as a bestselling author and lecturer. But while the events were still fresh in his mind, he wrote this remarkable memoir about the operations of the Nixon White House and the crisis that led to the president's resignation. Called "fascinating" by *Commentary*, which noted that "there can be little doubt of [Dean's] memory or his candor," *Blind Ambition* offers an insider's view of the deceptions and machinations that brought down an administration and changed the American people's view of politics and power. It also contains Dean's own unsparing reflections on the personal demons that drove him to participate in the sordid affair. Upon its original publication, *Kirkus Reviews* hailed it "the flip side of *All the President's Men*—a document, a minefield, and prime entertainment." Today, Dean is a respected and outspoken advocate for transparency and ethics in government, and the bestselling author of such books as *The Nixon Defense*, *Worse Than Watergate*, and *Conservatives Without Conscience*. Here, in *Blind Ambition*, he "paints a candid picture of the sickening moral bankruptcy which permeated the White House and to which he contributed. His memory of who said what and to whom is astounding" (*Foreign Affairs*).

The Republican Party: Documents Decoded

ABC-CLIO Will the modern Republican Party be able to convince the American people that its policies and positions are the right ones to guide the United States? This book examines the status of the Republican Party in the early 21st century, considers where it came from, and predicts where it's heading. • Presents photographs and other visual elements that complement the story of the Republican Party • Provides scholarly commentary and analysis on more than 60 primary documents that show students how the Republican Party has evolved over the decades, as well as the values, priorities, and political strategies of its current leadership • Includes a bibliography containing books, media, and websites that directs readers to additional sources of information

Nixon on Stage and Screen

The Thirty-seventh President as Depicted in Films, Television, Plays and Opera

McFarland Publishing This chronologically arranged reference work annotates all films and plays that contain portraiture--favorable and unfavorable--of Richard Nixon. From comedy, as in *Millhouse*, to the biting satire found in *Forbidden Hollywood* and *Saturday Night Live*, to documentary record, as in *Selling of the Pentagon*, and beyond, to the applications of Shakespearean drama with *The Tragedy of King Richard* and *Richard III*, this book displays the wide range of form used to explain, scorn and understand Nixon's acts. An analysis of each film or play compares the differences between the production and the original source. Each entry includes production credits, a plot summary, and an overview of critical reactions.

With Nixon

New York : Viking Press The author recounts the years he spent as a speechwriter for Richard Nixon and discusses the people and events of those White House years.

Nixon Volume III

Ruin and Recovery 1973-1990

Simon and Schuster **In Nixon: Ruin and Recovery, 1973-1990, Stephen E. Ambrose** completes his acclaimed biography of the man many historians call the most fascinating politician in American history: Richard Milhous Nixon. Rarely before on the stage of global politics has one man, respected and reviled, blessed and cursed, held us in such rapt attention. Using Nixon's own words, private writings, and tape-recorded conversations, Ambrose captures the man and all his contradictions as he faces the ordeal of Watergate and its aftermath, the long road back to public life. Watergate is a drama with high stakes and low skullduggery, of lies and bribes, of greed and lust for power. At its center is the obsession of the country and much of the world with President Richard Nixon himself. It is a remarkable play of foolhardy heroism as Nixon risked everything trying to maintain dignity and his job, when he alone had the power to determine the outcome of the scandal, whether by resigning, confessing, destroying evidence or defying the courts and Congress. Ambrose explains how Nixon destroyed himself through a combination of arrogance and indecision, allowing a "third-rate burglary" to escalate into a scandal that overwhelmed his presidency. Yet even after his self-exile from Washington and the Republican Party, even after the national outcry that sealed his shame, Nixon would not go gentle into oblivion. Ambrose provides an unforgettable portrait of the older Nixon in San Clemente, drawing on his seemingly endless reserves of determination, laying the groundwork for yet another comeback, a return to the arena that would defy all odds. Ambrose illuminates all the hidden years, and we see Nixon's gradual transformation from pariah to valued elder statesmen, respected internationally and at home even by those who had earlier clamored loudest for his head. This is the story of Nixon's final fall from grace and astonishing recovery.

Conservative Intellectuals and Richard Nixon

Rethinking the Rise of the Right

Springer **Conservative Intellectuals and Richard Nixon** explores the relationship between postwar conservatives and the president from 1968 to 1974. Seemingly casting those years out of their history, conservatives have never fully explored how Richard Nixon affected their movement. They fail to realize the extent his presidency helped refocus their fight against liberalism and communism. Mergel uses the Nixon years as a window into the Right's effort to turn ideology into successful politics. It combines an assessment of Nixon's presidency through the eyes of conservative intellectuals with an attempt to understand what the Right gained from its experience with Nixon.

The Other Government

Power & the Washington Media

Universe Pub **Examines the power of the press and its relationship with past and present presidents and includes profiles of top newsmen, including Walter Cronkite, Mike Wallace, and Grant Dillman**

Making Foreign Policy

Presidential Management of the Decision-making Process

Ashgate Publishing, Ltd. David Mitchell provides a better understanding of the role presidents play in the decision-making process in terms of their influence on two key steps in the process: deliberation and outcome of policy making. The events of the Bush administration's decisions to fight the war on terrorism and invade Iraq highlight how important it is to understand the president's role in formulating policy.

The U.S. Presidency Part 7

F. D. Roosevelt through Johnson

Milliken Publishing Company This packet introduces the distinct legacies and unique contributions of each of the American presidents from F. D. Roosevelt to Johnson. Using a biographical format, special emphasis is given to the powerful convergence of personality and circumstance which transformed the office of our nation's chief executive into the most prominent and influential political office in the world.
