### YOUR JOURNEY TO SUCCESS: HOW TO ACCEPT THE ANSWERS YOU DISCOVER ALONG THE WAY

---

eBookIt.com This is a book for the person who is hungry for an answer. I know that feeling. I was stuck in it for years and as a Coach and Speaker, I have noticed there is a constant theme for us all. We have read all of the success books, we have gone to the seminars but when we go to execute their wonderful information a feeling comes up. We lay in bed and just don't "feel" like doing what they suggest even though we know it will make our life better. That "feeling" stops us from executing one or more steps they suggest we take to make our lives better. I couldn't overcome that feeling either. Here I was an alcoholic, a sex addict, sugar addict, spending addict, tobacco addict, love addict, I had gone bankrupt, been through two horrific divorces, a child custody battle, I played two professional sports I never wanted to play and I contemplated suicide. None of the books showed me or explained where that feeling comes from, why we all get it and how to overcome it. Without that information, I couldn't execute all of their wonderful suggestions. So this is my story and how I took all of that great information from all of those great success teachers, I collated it and then added to it. I discuss where that feeling comes from, why we all get it and how to overcome it. This book bridges the gap. When you have this information, this skillset to overcome that "feeling" than you can put into place all of their incredible advice and have the personal and professional success we are all searching for.

### JOURNEY THROUGH THE ARK ENCOUNTER

---

New Leaf Publishing Group Step back in time and explore one of the best-known biblical events at the Ark Encounter! Be transported back in time to meet Noah and his seven other family members, who lived aboard the Ark and cared for all the animals during the Flood. See what their living quarters may have looked like, what they could have brought on board, and even what kinds of clothing they wore. At 510 feet long, 51 feet high, and 85 feet wide, Noah's Ark stretched an American football field and a half long. The Ark built in Kentucky is the largest timber frame structure in the world, built from standing dead timber, in part by skilled Amish craftsmen. It is an architectural and engineering wonder containing three decks of world class exhibits. Whether or not you have visited the Ark Encounter, this book will guide you step-by-step through this faith-affirming wonder. Many of the animals that lived during Noah's lifetime didn't look much like the animals we see today. ## MY AMERICAN JOURNEY

---

Ballantine Books #1 NEW YORK TIMES BESTSELLER • "A great American success story . . . an endearing and well-written book."—The New York Times Book Review Colin Powell is the embodiment of the American dream. He was born in Harlem to immigrant parents from Jamaica. He knew the rough life of the streets. He overcame a barely average start at school. Then he joined the Army. The rest is history—Vietnam, the Pentagon, Panama, Desert Storm—but a history that until now has been known only on the surface. Here, for the first time, Colin Powell himself tells us how it happened, in a memoir distinguished by a heartfelt love of country and family, warm good humor, and a soldier's directness. My American Journey is the powerful story of a life well lived and well told. It is also a view from the mountaintop of the political landscape of America. At a time when Americans feel disenchanting with their leaders, General Powell's passionate views on family, personal responsibility, and, in his own words, "the greatness of America and the opportunities it offers" inspire hope and present a blueprint for the future. An utterly absorbing account, it is history with a vision.

## DID ANCIENT CHINESE EXPLORE AMERICA

---

Light Messages Publishing A Chinese classic, the Shan Hai Jing, reportedly from 2000 BC claimed travels to the ends of the earth. However, today many, while accepting the antiquity of this account, believe it was just mythology. But was it? Testing the hypothesis that the Shan Hai Jing described actual surveys of North America, Charlotte Harris Rees, author of books about early Chinese exploration, followed an alleged 1100 mile Chinese trek along the eastern slope of the US Rocky Mountains. The Chinese account should have been easy to disprove. In the travelogue Did Ancient Chinese Explore America? Rees candidly shares her initial doubts then her search and discoveries. She weaves together history, subtle humor, academic studies, and many photographs to tell a compelling story.

## THE ROAD BETWEEN US: THE ELDER AND THE ATHEIST (TWO SPIRITUAL JOURNEYS)

---

Covenant Books, Inc. Tom and Jason met over twenty years ago under circumstances that should have severed any chance they would develop any kind of a personal relationship, let alone a close friendship. Yet their paths continued to cross, and over time, the answer to why this happened would be made very clear to both of them and hopefully become a lesson for many others as well. Jason believed in science. He thought scholarship and the human capacity for learning and reason could provide every answer about life and the human condition; however, there was a tiny ember of belief he dismissed many years earlier that always remained... Tom believed in God, to what extent he wasn't even sure. Jason grew up in a very religious family. Tom hardly went to church at all but believes Jesus is God's Son and died to make salvation available to all that would receive the gift He offers, but he always struggled with the orthodoxy taught by religion and tradition... Jason became a business owner and the founder and president of the Mid-Michigan Atheist and Humanist Group. Tom became a chaplain and an elder (pastor) after more than twenty-two years of military service. This book is about the unlikely friendship that changed the course of their lives and the worldviews of both Jason and Tom, a story of two people with completely different trajectories for their lives that converge to teach all of us that we don't have to be of like minds, come from the same backgrounds, or even share the same values to not just get along but to be close friends. This book illustrates the value of thoughtful listening and mutual respect and how, when put into practice, these attributes make it possible to learn something about ourselves, what we believe, and why we believe it. Share this journey with Jason and Tom with an open heart and mind, and chances are, you will discover something about yourself along the way...

## UNDENIABLE

### HOW BIOLOGY CONFIRMS OUR INTUITION THAT LIFE IS DESIGNED

HarperCollins Named A Best Book of the Year by World Magazine Throughout his distinguished and unconventional career, engineer-turned-molecular-biologist Douglas Axe has been asking the questions that much of the scientific community would rather silence. Now, he presents his conclusions in this brave and pioneering book. Axe argues that the key to understanding our origin is the “design intuition”—the innate belief held by all humans that tasks we would need knowledge to accomplish can only be accomplished by someone who has that knowledge. For the ingenious task of inventing life, this knower can only be God. Starting with the hallowed halls of academic science, Axe dismantles the widespread belief that Darwin’s theory of evolution is indisputably true, showing instead that a gaping hole has been at its center from the beginning. He then explains in plain English the science that proves our design intuition scientifically valid. Lastly, he uses everyday experience to empower ordinary people to defend their design intuition, giving them the confidence and courage to explain why it has to be true and the vision to imagine what biology will become when people stand up for this truth. Armed with that confidence, readers will affirm what once seemed obvious to all of us—that living creatures, from single-celled cyanobacteria to orca whales and human beings, are brilliantly conceived, utterly beyond the reach of accident. Our intuition was right all along.

## THE LEGACY JOURNEY

### A RADICAL VIEW OF BIBLICAL WEALTH AND GENEROSITY

Ramsey Press What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is “enough”? There’s a lot of bad information in our culture today about wealth—and the wealthy. Worse, there’s a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God’s put in their care. They were able to build wealth using God’s ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

### THE HANDY PSYCHOLOGY ANSWER BOOK

Visible Ink Press Bridging the gap between the entertainment-focused “pop psychology” on television and the dry academic research that is published in journals, The Handy Psychology Answer Book helps answer why humans do what we do through accurate scientific data presented in a lively, accessible, and engaging way. It covers the fundamentals and explains the psychology behind how people deal with money, sex, morality, family, children, aging, addiction, work, and other everyday issues. Fully revised to reflect the latest scientific research—such as the current DSM-5 (Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association); the latest neurobiological theories; and the changing face of marriage—this timely reference has expanded to include information sections on the biology and evolution of emotions; technology and adolescence; bisexuality; optimism; autism; as well as a full section on the law, eyewitness testimony and police shootings. Featuring more than 1,500 answers to questions concerning how the human mind and the science of psychology really work such as: How have other cultures addressed psychological issues? Why was Freud so focused on sex? How can I maintain a healthy brain? Is it normal to argue during marriage? Does religion make people happier? How do we reduce social prejudice?

**THE DESCENT OF MAN: DNA CODING GIVES THE ANSWER**

---

Samuel Chang There are two big problems that science still has not resolved. They are: What are we? Where do we come from? These two questions have troubled people for centuries. 150 years ago, Charles Darwin wrote two books: "On the Origin of Species" and "The Descent of Man, and Selection in Relation to Sex". In these two books, the theory of species evolution was proposed: all species are constantly evolving; the present people and all species are formed through natural selection. The basis of this theory is based on the comparison of biological forms. Now, knowing that all the genetic information of living things is completely determined with DNA, is evolution still correct? Did humanity evolve from apes? This book will answer these questions.

## **A JOURNEY OF DISCOVERY**

---

Xulon Press You may ask who should read this book. Who would benefit from this discovery? The answers are here for anyone who has asked the following questions: For what purpose was I born? My human existence is for what reason? Am I needed, am I valuable, am I loved and if so by whom? Have you ever asked the questions: where did I come from, why am I here, why now, and where am I going? Some people feel they will never know the answers, however that is not the truth. The right question will reveal the manifold wisdom of God, the mystery of life. I will share with you what the Holy Spirit has shared with me about ability versus identity, taking your heart back from trespassers, living your life on empty, what it means to hear and obey, and the power you have as a speaking spirit. There is a question we must all ask ourselves. It is a personal, important, and necessary question. It's personal because you are the only one who can ask it. It's important because, knowing the answer can lead to why you are here. It's necessary because your ability and purpose is hidden in it, and when it's discovered we are empowered to execute God's plan.

### GRATEFUL AMERICAN

#### A JOURNEY FROM SELF TO SERVICE

Thomas Nelson *New York Times Bestseller*: The moving, entertaining, never-before-told story of how one man found his calling: to see that those who defend this country and its freedoms are never forgotten. "The book is called *Grateful American*, and I promise you after you read it you will be grateful for what Gary has accomplished and contributed to our country." -- Clint Eastwood As a kid in suburban Chicago, Gary Sinise was more interested in sports and rock 'n' roll than reading or schoolwork. But when he impulsively auditioned for a school production of *West Side Story*, he found his purpose--or so it seemed. Within a few years Gary and a handful of friends created what became one of the most exciting and important new theater companies in America. From its humble beginnings in a suburban Chicago church basement and eventual move into the city, the Steppenwolf Theatre Company launched a series of groundbreaking productions, igniting Gary's career along with those of John Malkovich, Joan Allen, Gary Cole, Laurie Metcalf, Jeff Perry, John Mahoney, and others. Television and film came calling soon after, and Gary starred in *Of Mice and Men* (which he also directed) and *The Stand* before taking the role that would change his life in unforeseeable ways: Lieutenant Dan in the Academy Award-winning *Forrest Gump*. The military community's embrace of the character of the disabled veteran was matched only by the depth of Gary's realization that America's defenders had not received all the honor, respect, and gratitude their sacrifices deserve. In the aftermath of the September 11 attacks, this became Gary's mission. While starring in hits like *Apollo 13*, *Ransom*, *Truman*, *George Wallace*, *CSI:NY*, and *Criminal Minds: Beyond Borders*, Gary has worked tirelessly on behalf of those who serve this country... entertaining more than a half million troops around the world playing bass guitar with his Lt. Dan Band, raising funds on behalf of veterans, and founding the Gary Sinise Foundation with a mission to serve and honor America's defenders, veterans, first responders, their families, and those in need. *Grateful American* is the moving, entertaining, profoundly gripping story of how one man found his calling: to see that those who defend this country and its freedoms are never forgotten.

### A 100,000-MILE JOURNEY INTO THE HEART OF AMERICA

Vintage NATIONAL BEST SELLER • The basis for the HBO documentary now streaming on HBO Max For five years, James and Deborah Fallows have travelled across America in a single-engine prop airplane. Visiting dozens of towns, the America they saw is acutely conscious of its problems—from economic dislocation to the opioid scourge—but it is also crafting solutions, with a practical-minded determination at dramatic odds with the bitter paralysis of national politics. At times of dysfunction on a national level, reform possibilities have often arisen from the local level. The Fallows describe America in the middle of one of these creative waves. Their view of the country is as complex and contradictory as America itself, but it also reflects the energy, the generosity and compassion, the dreams, and the determination of many who are in the midst of making things better. *Our Towns* is the story of their journey—and an account of a country busy remaking itself.

### **THE LITERARY QUEST FOR AN AMERICAN NATIONAL CHARACTER**

---

Taylor & Francis "What then is the American, this new man?" This question is explored here through the lives and writings of a sequence of imaginative authors each of whom confronted a crucial moment in the evolution of the new nation (from Crèvecoeur and the Revolution, through Washington Irving and Jeffersonian Democracy, to James Fenimore Cooper and the Era of Good Feelings). At the centre of these confrontations was a division between those who claimed national perfection had been obtained, and those who, while desperately wanting to believe this, perceived all too clearly that that perfection had not yet come. Rediscovering this neglected literary debate, The Literary Quest for an American National Character illuminates afresh the traumatic birth and development of the new American nation.
