Social Science Reference Sources

A Practical Guide

Greenwood Publishing Group Now in its third edition, this essential guide to basic reference sources in the social sciences provides evaluative entries for approximately 1,600 works in anthropology, business, economics, education, geography, history, law, political science, psychology, and sociology. The first part of the book includes chapters on general sources, while the second contains chapters on reference works in particular disciplines. Most titles published before 1980, which appear in the second edition, have been dropped, while a large number of electronic sources, including more than 200 web sites, have been added. In recognition of the proliferation of electronic information resources, the volume provides brief descriptions of the features and search methods of several online vendors.

The Customer is Boss

A Practical Guide for Getting what You Paid for and More

Best Sellers Publishing If all that's been written about customer service in recent years is true, then why don't businesses provide good service on a consistent basis? Tschohl contends the reason is because not enough customers demand it on a consistent basis. His practical advice and guidelines will show consumers how to effectively challenge bad customer service and gain satisfaction in dealing with all types of service providers, including airlines, retailers, and restaurants. Aids to Media Selection for Students and Teachers

Abstract: Up-to-date, available bibliographies, and journals which review books, periodicals, and audiovisual materials relevant to elementary and secondary school instructional programs are presented. The listing is restricted to reviewing tools published since 1976, except for several standard titles which have not been revised or replaced; on specific topic areas e.g., multiethnic materials. Media sources are presented in 4 principal sections: book selection sources; periodicals; audiovisual materials; and multiethnic materials. A directory of publisher's addresses and an author-title index are included. (wz).

Consumer Sourcebook

Critical Theory and Public Life

MIT Press Jürgen Habermas's critical communications theory of society has excited widespread interest in recent years. The essays in this book explore the research implications of Habermas's theory for the analysis of modern problems of public life. Spanning the spectrum of the social sciences, the essays relate critical theory to industrial policy under advanced capitalism, education, the mass media and consumerism, public participation in planning, policy analysis, and critical historical studies. John Forester is Associate Professor of City and Regional Planning at Cornell University. *Critical Theory and Public Life* is included in the series *Studies in Contemporary German Social Thought*, edited by Thomas McCarthy.
