DOMINANCE IN DOGS

Dogwise Publishing You may have read books or seen TV shows that tell you that your dog will seek to dominate you, your family members and other pets unless you become the "alpha" and put him in his place. The theory is that since dogs evolved from wolves and wolves (supposedly) form packs with strict pecking orders and battle each other to become the pack leader, your dog will do the same within your household. In this new US edition, author Barry Eaton separates out the facts from the fiction regarding dominance in pet dogs, presenting the reader with the results of recent research into the behavior of wolves and the impacts of selective breeding on the behavior of dogs. The results may surprise you and will surely inform you.

DOMINANCE IN DOGS

FACT OR FICTION?

Dogwise Publishing Bring science to the discussion of whether dogs try to "dominate" humans. The fact is that domestic dogs have been selectively bred for hundreds of years to work cooperatively with people and this book corrects common misconceptions about canine behavior.

Dominance is one of the most controversial topics in the dog behavior and training field and is ripe with confusion and misunderstanding. This book is an evaluation of dominance theory as it applies to dogs and is a contribution to the ongoing debate.

MEMOIRS OF A SECURITY CONTRACTOR

CreateSpace Paul "Chuck Norris" Yurkin has never been one to give up. A product of the inner city projects, he pulled himself up by the bootstraps and enlisted in the Marine Corps-serving proudly in Desert Storm before beginning a fifteen-year career with the Myrtle Beach police force. But when he saw the efforts of his policing failing to create any positive change, it wasn't long before Yurkin became jaded by the system as a whole. Seeking a new life for himself and his daughters, he met up with a private contracting firm and began training for a trip to sunny Afghanistan, where he would work on training the fledgling Afghan National Police. In the midst of two weeks of training in Virginia, he earned the nickname that would stick with him for years to come-and met three best friends that remained by his side through dangerous missions, misadventures, and the frustrations of being stationed abroad. In *Memoirs of a Security Contractor*, Yurkin tells the true story of his time as a security contractor in Afghanistan in candid detail-in an eye-opening tale of determination, friendship, and never giving up.

THROUGH PELICAN EYES

I've always thought that Matlacha (say Mat-la-SHAY), the funky Pine Island Florida fishing village cum art colony would be a perfect setting for a mystery, when along comes Jessie Murphy, the perfect gal to sort out the riff from the raff of it all. You've got to love this lady, a Goodwill fashion queen, who comes across as a ditzzy airhead whose best buddy is a Gargoyle named Gar. Jessie's taken time off from her job, thrilled to be rekindling the flame of romance with her treasure-hunting guy, Will Rolins, who adores her. Will has just made a wonderful archeological discovery, aka buried treasure. He's offered to support Jessie in her painting career if only she'll rejoin him in the sandy, salt-water and flip-flop lifestyle she adores. As she arrives in Matlacha, Jessie, to her horror, is met instead with the crime scene tape in place, bloodstains on the floor and pinholes where Will's treasure maps should have been. The sheriff insists that Will's death was a suicide but he refuses to release the police report and Jessie is bewildered. It is true that Will was often depressed and sometimes controlling. But why kill himself when he's fulfilled his life's dream? If he meant to kill himself why would he ask Jessie to join him? The facts don't sit straight with Jessie. She is determined to sort out the case. Jessie's a red-headed Irish Bostonian, whose art career has gone on the back burner as she struggles to earn a living. Meanwhile, certain investigative skills Jessie has acquired--a stint in a private investigator's office, classes in theater and karate--all come into play as she trails suspects and sometimes overplays her hand, arousing the suspicions of whoever it is who makes crank calls to her in the middle of the night. Do not be fooled, there's way more to Jessie than meets the eye, and do not, repeat, do not miss this true beach read with a pelican's eye view of Florida's magnificent barrier island landscapes.
