THE SCHOOL OF GREATNESS

A REAL-WORLD GUIDE TO LIVING BIGGER, LOVING DEEPER, AND LEAVING A LEGACY

Rodale When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In the New York Times bestseller *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.

THE 8TH HABIT

FROM EFFECTIVENESS TO GREATNESS

[Simon and Schuster](#) In the 7 Habits series, international bestselling author Stephen R. Covey showed us how to become as effective as it is possible to be. In his long-awaited new book, *THE 8th HABIT*, he opens up an entirely new dimension of human potential, and shows us how to achieve greatness in any position and any venue. All of us, Covey says, have within us the means for greatness. To tap into it is a matter of finding the right balance of four human attributes: talent, need, conscience and passion. At the nexus of these four attributes is what Covey calls voice - the unique, personal significance we each possess. Covey exhorts us all to move beyond effectiveness into the realm of greatness - and he shows us how to do so, by engaging our strengths and locating our powerful, individual voices. Why do we need this new habit? Because we have entered a new era in human history. The world is a profoundly different place than when *THE 7 HABITS OF HIGHLY EFFECTIVE PEOPLE* was originally published in 1989. The challenges and complexity we face today are of a different order of magnitude. We enjoy far greater autonomy in all areas of our lives, and along with this freedom comes the expectation that we will manage ourselves, instead of being managed by others. At the same time, we struggle to feel engaged, fulfilled and passionate. Tapping into the higher reaches of human genius and motivation to find our voice requires a new mindset, a new skill-set, a new tool-set - in short, a whole new habit.

LEAD A LIFE THAT EVEN DEATH CAN'T STOP

[Charisma Media](#) If your influence only lasts as long as you do, you failed. This book will help you reach your full potential, inspire greatness in your spouse, children, and friends, and leave a legacy that lasts beyond your lifetime. True influence should increase through the lives of those you have poured into, even after you pass away. Our greatest example of this is Jesus. His followers did greater works after He left them. Jesus never wrote a book or traveled outside of Israel, but He was able to use a band of eleven followers to create the largest, most influential movement the world has ever seen. Jesus had no servants, yet they called Him Master. He had no degree, yet they called Him Teacher. He had no medicines, yet they called Him Healer. He had no army, yet kings feared Him. He won

no military battles, yet He conquered the world. He committed no crime, yet they crucified Him. He was buried in a tomb, yet He lives today. In *The Jesus Principles*, Joseph Mattera helps you unleash greatness in yourself, but even more importantly, in your circle of influence—your spouse, children, friends, and family. Following Jesus' example, you will be empowered to leave a legacy of helping others fulfill their own potential so that after you have passed, you are still speaking! Become part of a great cloud of witnesses who help to unleash human potential in one another. The four Gospels are not only compilations of important moral and spiritual sayings, but they also contain principles that can enable us to move from potential to fulfillment of purpose.

"This is not reverent, definitive history. This is a tactician's bible." --Parul Sehgal, The New York Times Twenty years in the making, Sarah Schulman's *Let the Record Show* is the most comprehensive political history ever assembled of ACT UP and American AIDS activism In just six years, ACT UP, New York, a broad and unlikely coalition of activists from all races, genders, sexualities, and backgrounds, changed the world. Armed with rancor, desperation, intelligence, and creativity, it took on the AIDS crisis with an indefatigable, ingenious, and multifaceted attack on the corporations, institutions, governments, and individuals who stood in the way of AIDS treatment for all. They stormed the FDA and NIH in Washington, DC, and started needle exchange programs in New York; they took over Grand Central Terminal and fought to change the legal definition of AIDS to include women; they transformed the American insurance industry, weaponized art and advertising to push their agenda, and battled—and beat—The New York Times, the Catholic Church, and the pharmaceutical industry. Their activism, in its complex and intersectional power, transformed the lives of people with AIDS and the bigoted society that had abandoned them. Based on more than two hundred interviews with ACT UP members and rich with lessons for today's activists, *Let the Record Show* is a revelatory

exploration—and long-overdue reassessment—of the coalition’s inner workings, conflicts, achievements, and ultimate fracture. Schulman, one of the most revered queer writers and thinkers of her generation, explores the how and the why, examining, with her characteristic rigor and bite, how a group of desperate outcasts changed America forever, and in the process created a livable future for generations of people across the world.

TALENT UNLEASHED

3 LEADERSHIP CONVERSATIONS TO IGNITE THE UNLIMITED POTENTIAL IN PEOPLE

Simon and Schuster A leader's job is to unleash the unlimited store of potential in people. "The vast majority of the workforce in any organization possesses far more talent, intelligence, capability, and creativity than their present jobs require or even allow." - Dr. Stephen R. Covey That's what Talent Unleashed is about—unleashing that unlimited store of potential in people. That's a leader's job. And how does a leader do that job? Through 3 Leadership Conversations—not just individual events, but ongoing discussions designed to help people give the best they can. In these conversations, leaders trade fear for trust, confusion for clarity, and micromanaging for empowerment. The three vital leadership conversations are: • The Performance Conversation • The Voice Conversation • The Clearing the Path Conversation Performance Conversations define roles and set clear goals. Leaders hold people accountable for these roles and goals, thus transforming team members from “managed hirelings” to “trusted partners and teammates.” Voice Conversations affirm the worth and potential of each person on a team. Leaders help individuals discover their unique gifts, talents, and abilities and align these gifts, talents, and abilities to the great mission of the organization. It is the process that ignites the inner fire. Clear the Path Conversations turn supervisors into leaders who become sources of help and empower people to succeed in their jobs. Leaders help clear away the obstacles from the success pathway.
