**Beyond Cheap Grace A Call to Radical Discipleship, Incarnation, and Justice** *Wm. B. Eerdmans Publishing* As our lives become complex with the demands of our affluent and accelerating society, do we hear the gospel's timeless and insistent call to live the "obedience of faith"? In these three "sermonic essays" Eldin Villafañe takes on the task of awakening true obedience of faith through the triple themes of discipleship, incarnation, and justice. Beginning with discipleship, he draws on the "Christ hymn" of Philippians 2 to challenge Christians to choose the costly Christ-life. He then offers six contrarian perspectives on the incarnation from the early church as correctives to our current, culturally conditioned theological emphases. Finally, taking the book of Amos as a touchstone, Villafañe issues a call for just leadership among the nations. Adding interest and depth to this work are an insightful foreword by Dean Loewen and responses to each essay by Richard Peace, Juan Francisco Martinez, and Veli-Matti Karkkainen. Eldin Villafañe has spent decades calling Christians to take seriously Christ's call to discipleship, incarnation, and justice. **Beyond Cheap Grace** not only renews that call but extends it to the church, the academy, and Christian leaders of all traditions.

**Radical Discipleship A Liturgical Politics of the Gospel** *Fortress Press* Reminiscent of Bonhoeffer's *Discipleship*, Jennifer McBride's *Radical Discipleship* utilizes the liturgical seasons as a framework for engaging the social evils of mass incarceration, capital punishment, and homelessness, arguing that to be faithful to the gospel, Christians must become disciples of, not simply believers in, Jesus. The book arises out of McBride's extensive experience teaching theology in a women's prison while participating in a residential Christian activist and worshipping community. Arguing that disciples must take responsibility for the social evils that bar "beloved community," Martin Luther King's term for a just social order, the promised kingdom of God, McBride calls for a dual commitment to the works of mercy and the struggle for justice. This work seeks to form readers into an understanding of the social and political character of the good news proclaimed in the Gospels. Organically connecting liturgy with activism and theological reflection, McBride argues that discipleship requires that privileged Christians place their bodies in spaces of social struggle and distress to reduce the distance between themselves and those who suffer injustice, and stand in solidarity with those whom society deems guilty, despises, and rejects—which makes discipleship radical as Christians take seriously the Jesus of the Gospels.

**Building Bridges, Doing Justice Constructing a Latino/a Ecumenical Theology** *Orbis Books* These essays by leading Latino/a theologians, both Protestant and Catholic, represent an exciting new stage in the development of Latino/a theological identity, while also making an important contribution to the wider cause of ecumenical dialogue. As Orlando Espn observes, "No ecumenical relation or dialogue today in the United States can be truly reflective of our respective churches unless Latinos/as (and their faith and their lives) are acknowledged as indispensable and equal conversation partners." Among the themes discussed in this dialogue: God, the Holy Spirit, Mary, the Bible and Tradition, Grace and Justification, and Ecclesiology. Contributors: Efran Agoso (Hartford Seminary); Neomi DeAnda (DePaul University); Miguel H. Daz (St. John's University, Collegeville); Orlando O. Espn (University of San Diego); Roberta S. Goizueta (Boston College); Juan F. Martnez (Fuller Theological Seminary); Nstor Medina (University of Toronto); Carmen M Nanko-Fernndez (Catholic Theological Union); Mayra Rivera (Pacific School of Religion); Jos D. Rodriguez (Lutheran School of Theology); Jean-Pierre Ruiz (St. John's University, New York).

**Pentecostals and Nonviolence Reclaiming a Heritage** *Wipf and Stock Publishers* *Pentecostals and Nonviolence* explores how a distinctly Pentecostal-charismatic peace witness might be reinvigorated and sustained in the twenty-first century. To do so, the book examines the nature of the early Pentecostal commitment to nonviolence, and investigates the possibilities that might emerge from Pentecostals and Anabaptists entering into conversation and worship with each other. Contributors engage the arguments surrounding the heritage of Pentecostal pacifism in the United States and then move toward exploring nonviolence and peacemaking as crucial for contemporary Christianity as a whole. Ranging from theology, testimony, and pastoral ministry to interchurch relations, activism, and protest, this diverse collection of essays challenge and invite the whole church to the task of peacemaking while exploring the distinctive, and often neglected, contributions from the Pentecostal-charismatic tradition.

**A Future for the Latino Church Models for Multilingual, Multigenerational Hispanic Congregations** *InterVarsity Press* Daniel Rodriguez argues that effective Latino ministry and church planting is now centered in second-generation, English-dominant leadership and congregations. Based on his observation of cutting-edge Latino churches across the country, Rodriguez reports on how innovative congregations are ministering creatively to the next generations of Latinos. **From Sin to Amazing Grace Discovering the Queer Christ** *Church Publishing, Inc.* This book provides a unique synthesis of liberation, queer and postcolonial theologians over the

last few decades within a unified theological framework. It Will advance the inclusion of LGBT people within church and society. This book is a useful resource for all people who struggle to make sense of the traditional Christian doctrines of sin and grace in the 21st century. Throughout the history of Christianity, lesbian, gay, bisexual and transgender ("LGBT" or "queer") people have been condemned as unrepentant sinners who are in dire need of God's saving grace. As a result of this condemnation, LGBT people have been subjected to great spiritual, emotional and physical abuse and violence. This issue has taken on a particular urgency in light of the horrific string of suicides over the last year of young LGBT people who were subjected to harassment and bullying by their classmates. Cheng argues that people need to be liberated from the traditional legal model of thinking about sin and grace as a violation of divine and natural laws in which grace is understood as the strength to refrain from violating such laws. Rather Cheng proposes a Christological model based upon the theologies of Irenaeus, Bonaventure and Barth, in which sin and grace are defined in terms of what God has done for us in Jesus Christ. - Publisher. *The Compassion Quest SPCK* In this follow-up to his much praised *Finding Hope and Meaning in Suffering*, Trystan Owain Hughes encourages us to develop an approach to life that looks beyond our own concerns. Using illustrations from poetry, literature and film, and drawing on contemporary scientific thought, the author makes plain that our natural state is an interconnected harmony with God, with each other and with the world around us. Gradually we come to realize that loving others and desiring the best for them is worthwhile, even when there seems to be little in it for us. Just as Christ chose to humble himself and become 'God with us', so we too will bring light to the lives of those around us by transcending our self-centredness and becoming fully present to those in need. And as we begin to attune ourselves to love's frequency, our inner being will instinctively embrace all creation as sacred and deserving of our care and attention. *Serving the People of God's Presence A Theology of Ministry Baker Academic* Leading theologian Terry Cross articulates the doctrine of the church's ministry from a Pentecostal perspective, demonstrating how Pentecostals can contribute to and learn from the church catholic. This companion volume to Cross's previous book, *The People of God's Presence*, proposes a radical revision of the structural framework of the local church within the often-overlooked corporate priesthood of all believers. Cross explores principles for leadership and ministry from the New Testament and the early church, helping all believers to do the work of ministry. *Pax Pneuma The Journal of Pentecostals & Charismatics for Peace & Justice*, Spring 2012, Volume 6, Issue 1 *Wipf and Stock Publishers* **PCPJ MISSION STATEMENT** To encourage, enable, and sustain peacemaking and justice seeking as authentic and integral aspects of Pentecostal Charismatic Christianity, witnessing to the conviction that Jesus Christ is relevant to all tensions, crises, and brokenness in the world. The PCPJ seeks to show that addressing injustice and making peace as Jesus and his followers did is theologically sound, biblically commanded, and realistically possible. Pipkin Mennonite Disaster Services Robert G. Reid Brite Divinity School *Sanctification Explorations in Theology and Practice InterVarsity Press* Often treated like the younger sibling in theology, the doctrine of sanctification has spent the last few decades waiting not-so-patiently behind ideas like election and justification by faith alone. In this volume, twelve theologians explore the meaning and significance of sanctification for contemporary evangelical theology and practice. *True Leadership Leadership Styles and the Kenotic Relationship Springer Nature* This edited collection addresses several forms of moral leadership within the context of kenosis, bringing together both secular and biblical perspectives on the role of morality and self-sacrifice in effective leadership theory and practice. The contributors apply various leadership theories in the analysis of sacred texts in order to uncover unique insights into the biblical truth about leadership. Their analysis moves away from egotistical leadership focused on self-aggrandizement and provides a new model for leadership - one characterized by morality, authenticity, and service. *True Leadership* will benefit scholars, researchers, and students interested in values-based leadership and seeking to enrich their understanding of organizational behavior and leadership development. *The Wiley Blackwell Companion to Latino/a Theology John Wiley & Sons* **Latino/a Theology** The one-volume Companion to Latino/a Theology presents a systematic survey of the past, present and future of Latino/a theology, introducing readers to this significant US theological movement. Contributors to the Companion include many established scholars of the highest caliber, together with some new and exciting voices within the various theological disciplines. A mixture of Catholic, Protestant, and Evangelical scholars, they discuss the publications and contributions of theologians who reflect from, and participate in, the faith and realities of US Latino/a communities. Providing unparalleled breadth and depth in the discussion of the key issues, each chapter begins with a summary of the theological publications and thought within Latino/a theology, and then proceeds to develop a constructive contribution on the topic. This invaluable and unique Companion, edited by one of the foremost Latino theologians currently working and writing in the field, is fully ecumenical, comprehensive, and wholly representative of the wide range of ecclesial and theological traditions. It will become both an important resource for scholars and an unparalleled introduction to the entire discipline. *Los Protestantes An Introduction to Latino Protestantism in the United States ABC-CLIO* Contradicting the widely held but false belief that all Latinos are Catholic, this book offers a concise one-volume introduction to America's Latino Protestants, the fastest growing segment of U.S. Protestantism today. \* A graph charting the various types of Latino identification with Latino culture \* A graph showing the implications of this identification for probable church attendance \* An extensive bibliography of most published materials on Latino Protestantism since the mid-19th century *Reaching for the New Jerusalem A Biblical and Theological Framework for the City Wipf and Stock Publishers* The task of this book is to examine the biblical and theological meaning of the city and our mission within it. It starts with the premise that the garden is lost, and we are headed toward the New Jerusalem, the city of God. In the meanwhile, we dwell in earthly cities that need to be adjusted to God's city: "[T]he fall has conditioned us to fear the city . . . though, historically, God intended it to provide

safety, even refuge. . . . We have to band together and act to take back our communities if we are to help God in the divine task of reconciling the world to Godself by assisting God in adjusting our communities to God's New Jerusalem, rebuilding our own cities of Enoch on the blueprints of Christ . . . to go into all the world and share his good news, building the Christian community along the lines of the New Jerusalem, a city of light in which God is revealed." (from the Introduction by William David Spencer) Toward achieving this goal, this single, accessible volume brings together the biblical, the systematic, and the practical aspects of urban ministry by various contributors who are urban practitioners and theologians themselves, and have taught at Gordon-Conwell Theological Seminary, Boston Campus.

**Called to Be Sent Co-Missioned As Disciples Today** *Wipf and Stock Publishers* The gospel tells us to look into other people's eyes as we search for an image of God to help us work for healing justice amid the rubble and the memories that litter our lives, to rebuild a human world on the debris of broken dreams, and to commit ourselves—as God does—to restoring communities, so that there will be no more estrangement, no more strangers, and no more aliens. It is only a little less than impossible, and the only way we can do it is to learn to love the world as God already does. It's simply not possible to love in theory; we must go further than that. We must love in practice. We must practice in love. That is the disciple's call. **Called to Be Sent** develops and completes the theology of discipleship introduced in the author's previous books. This new volume focuses on "sending forth," the phase that follows our radical encounter with humanity. Here we find the hope and strength to move from an understanding of mission to actually being commissioned by Jesus. In short, as Christians we are "gathered for scattering" and "called to be sent," and this book provides much direction.

**Missionalia** Contains abstracts of missiological contributions, book reviews, and articles.

**Christian Faith, Justice, and a Politics of Mercy The Benevolent Community** *Lexington Books* This book assumes that the most profound moral conflict today is between two virtues—justice and mercy—and argues that these two virtues are organically linked through the common experience of compassion. In an unjust world, justice cannot establish itself but requires projects of merciful benevolence to subvert injustice and to establish justice fully, not only as liberal procedural justice but also as egalitarian economic justice.

**American Book Publishing Record The Way of Discipleship Women, Men, and Today's Call to Mission** *Liturgical Press* Vatican II's famous declaration that "the church on earth is by its very nature missionary" has often been taken out of context and used to support all manner of church initiatives. But, the conclusion of the statement—"since . . . it has its origin in the mission of the Son and the Holy Spirit"—is of monumental importance. In **The Way of Discipleship**, theologian Anthony Gittins describes the eternal mission of the Trinity, historically brought "down to earth" in the ministry of Jesus, and then continued to the ends of the earth by those called and sent as disciples throughout future generations. Gittins explains that Christian discipleship must be the living out of Jesus' own example in many different times and places. He encourages people of all ages to follow the invitation of Jesus to be missionary disciples. **The Way of Discipleship** explores several New Testament examples of Jesus' call and commissioning, distills the principles involved, and then recontextualizes the stories so that they pose a direct challenge to disciples today. In this way, Gittins builds up a picture both of "the Way" of Jesus himself, and of the way in which today's disciples can loyally follow his call to mission.

**Crucible ISG 43: A Guide to Leadership** *SPCK* An introduction to missiological Christian leadership. The book's focus is on the need to empower and equip the people of God to carry out God's mission in the world. Exploring principles of leadership, it suggests practical skills and stimulates further discussion. The emphasis of the book is on theological engagement with practical issues, and each chapter gives concrete, applied illustrations of the theological approach.

**Disciples Ordinary People in Extraordinary Times** **Disciples** develops various aspects of the moral-spiritual life, the life of discipleship, in the midst of the blessings and challenges of everyday lives. Blessings include the wisdom of the scriptures, the grace of Eucharistic celebrations, and areas of renewal begun in Vatican II. Challenges include relativism, indifference, poverty, sickness.

**Body of Christ Incarnate for You Conceptualizing God's Desire for the Flesh** *Lexington Books* Drawing on phenomenologies of the flesh and the erotic, this book provides a constructive approach to the incarnation. It offers a typology of critical themes addressed by the doctrine's history and considers how understanding the body in ways that break down the Enlightenment subject/object distinction creates new avenues for understanding the incarnation.

**The Splendor of Truth** *USCCB Publishing* Pope John Paul II proclaims a sense of urgency in challenging moral darkness with the light of truth.

**Prodigal Christianity 10 Signposts into the Missional Frontier** *John Wiley & Sons* An engaging and thoughtful book that guides readers into the frontiers of being a missional Christian. **Prodigal Christianity** offers a down-to-earth, accessible, and yet provocative understanding of God's mission of redemption in the world, and how followers of Christ can participate in this work. It speaks into the discontent of all those who have exhausted conservative, liberal, and even emergent ways of being Christian and are looking for a new way forward. It offers building blocks for missional theology and practice that moves Christians into a gospel-centered way of life for our culture and our times. Offers a compelling and creative vision for North American Christians.

**Puts forth a theology and ten critical signposts that must be observed to follow a missional way of life: post-Christendom, missio Dei, incarnation, witness, scripture, gospel, church, sexuality, justice, pluralism** Asks questions and points to issues that trouble many leaders in the post-modern, post-denominational, post-Christendom church. This book can fill the gap for the average Christian left discontented with the current options "after evangelicalism."

**The Resurrection of God Incarnate** *Oxford University Press on Demand* Whether or not Jesus rose bodily from the dead is perhaps the most critical and contentious issue in the study of Christianity. Until now, scholars have concentrated on explicit statements in the New Testament to support their views, but Richard Swinburne argues for a wider approach, asking instead whether the character of God and the life of Jesus support the probability of the Resurrection. His book will be of great interest not only to academics but to anyone with an interest in religious philosophy and doctrine.

**Taking Discipleship Seriously A Radical Biblical Approach** *Wipf and Stock Publishers* "When Jesus calls us to follow him, he is not looking for occasional use of our gifts . . . he wants our lives." With this bold challenge, Tom Sine calls on today's Christians to recapture the total commitment of first-century disciples who truly lived out their faith in answer to Christ's call. Such a radical

biblical view of God's kingdom has implications touching every area of a Christian's life as well as a far-reaching effect on the larger mission of the church. Sine urges churches to set aside self-involved agendas to seek God's will in a world of exploding needs. They are encouraged to become agents of change in their communities, to improve the plight of needy \_\_ persons with a "hand-up" rather than a handout. As individuals and study groups read how Christians have placed concern for God's kingdom above personal desires, they will be stimulated to think deeply about their responses to Christ's invitation - "Follow me." *Seasoned Speech Rhetoric in the Life of the Church* *InterVarsity Press* Being a faithful disciple of Christ means having seasoned speech: practicing a rhetoric that beneficially and persuasively imparts the surprising truth of the gospel. James Beitler seeks to renew interest in and hunger for an effective Christian rhetoric by closely considering the work of five beloved Christian communicators: C. S. Lewis, Dorothy L. Sayers, Dietrich Bonhoeffer, Desmond Tutu, and Marilynne Robinson. *Mission Between the Times Essays on the Kingdom* *Langham Publishing* This revised version includes a new essay on the contemporary history of integral mission, a history that began with the Latin American Theological Fellowship, progressed within the Lausanne Movement, is bearing fruit globally through the Micah Network, and challenges evangelicals to address the major issues of our day. By almost any measure, a bold and confident use of the Bible is a hallmark of Christianity. Underlying such use are a number of assumptions about the origin, nature and form of the biblical literature, concerning its authority, diversity and message. However, a lack of confidence in the clarity or perspicuity of Scripture is apparent in Western Christianity. Despite recent, sophisticated analyses, the doctrine is ignored or derided by many. While there is a contemporary feel to these responses, the debate itself is not new. In this excellent study, Mark Thompson surveys past and present objections to the clarity of Scripture; expounds the living God as the Guarantor of his accessible, written Word; engages with the hermeneutical challenges; and restates the doctrine for today. *The British National Bibliography The Cost of Discipleship* *Hassell Street Press* This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. An important work in the philosophy of religion. *Compendium of the Social Doctrine of the Church* *Veritas Co. Ltd.* Development and Justice A Christian Understanding of Land Ethics *ISPK* *Jesus for President Politics for Ordinary Radicals* *Harper Collins* Jesus for President is a radical manifesto to awaken the Christian political imagination, reminding us that our ultimate hope lies not in partisan political options but in Jesus and the incarnation of the peculiar politic of the church as a people 'set apart' from this world. In what can be termed lyrical theology, Jesus for President poetically weaves together words and images to sing (rather than dictate) its message. It is a collaboration of Shane Claiborne's writing and stories, Chris Haw's reflections and research, and Chico Fajardo-Heflin's art and design. Drawing upon the work of biblical theologians, the lessons of church history, and the examples of modern-day saints and ordinary radicals, Jesus for President stirs the imagination of what the Church could look like if it placed its faith in Jesus instead of Caesar. A fresh look at Christianity and empire, Jesus for President transcends questions of 'Should I vote or not?' and 'Which candidate?' by thinking creatively about the fundamental issues of faith and allegiance. It's written for those who seek to follow Jesus, rediscover the spirit of the early church, and incarnate the kingdom of God. *Kingdom Calling The vocation, ministry and discipleship of the whole people of God* *Canterbury Press* Kingdom Calling offers a compelling theological grounding for the vocation, ministry and discipleship of the whole people of God. Building creatively on previous studies, it challenges all of us to change so that the whole church can serve the whole mission of God in the whole of life. Kingdom Calling provides a thorough diagnosis of the theological factors that have prevented such a vision being realised over previous decades. These factors are embedded in the social realities of our everyday life and in the sometimes hidden assumptions that shape our thinking in the church. By setting out a sustained proposal for the renewal of our theological imagination, the report points the way to address some deep running fault lines in our common life. Written in an accessible style, Kingdom Calling looks in turn at the vocation, ministry and discipleship of all God's people, asking what kind of theological thinking and imagining might most help us to flourish together. It affirms and celebrates the vital lay and ordained ministry roles that support the church in God's mission, and it identifies changes in practice that can better foster the vocation, ministry and discipleship of the whole people of God. *Generous Justice How God's Grace Makes Us Just* *Penguin* Renowned pastor and bestselling author of *The Prodigal Prophet* Timothy Keller shares his most provocative and illuminating message yet. It is commonly thought in secular society that the Bible is one of the greatest hindrances to doing justice. Isn't it full of regressive views? Didn't it condone slavery? Why look to the Bible for guidance on how to have a more just society? But Timothy Keller challenges these preconceived beliefs and presents the Bible as a fundamental source for promoting justice and compassion for those in need. In *Generous Justice*, he explores a life of justice empowered by an experience of grace: a generous, gracious justice. This book offers readers a new understanding of modern justice and human rights that will resonate with both the faithful and the skeptical. *Compendium Catechism of the Catholic Church* *USCCB Publishing* As hunger for the faith continues to grow, Pope Benedict XVI gives the Catholic Church the food it seeks with 598 questions and answers in the *The Training of the Twelve Or, Passages Out of the Gospels Exhibiting the Twelve Disciples of Jesus Under Discipline for the Apostleship Untamed (Shapevine) Reactivating a Missional Form of Discipleship* *Baker Books* Discipleship is costly. Are

we willing to critique and even challenge much we've been taught for the sake of the kingdom? For this is the radical nature of the discipleship to which Jesus calls us. He did not allow the outside culture to hold him captive; instead he established the kingdom of God and turned the world on its head. Jesus was untamed, and he calls his church to be the same. In this provocative and compelling book, internationally known missiologists Alan and Debra Hirsch overthrow culturized understandings of theology and culture, and cast a vision for a distinctly mission-shaped way of living the Christian life. Written for any Christian serious about issue of discipleship, *Untamed* covers such topics as church, humans as bearers of the image of God, family life, culture, and sexuality. Through it all they seek to answer the question, how are we to think and live day to day as followers of Jesus? Each chapter ends with suggested practices to help readers begin to live out the book's principles as well as questions for group discussion.
