As Nigel Calder says: 'there is no reason for a boatowner not to have a troublefree relationship with a diesel engine. All one needs is to set the engine up correctly in the first place, to pay attention to routine maintenance, to have the knowledge to spot early warning signs of impending trouble, and to have the ability to correct small ones before they become large ones.' We Followed Odysseus Seaworthy Publications Incorporated The story of two legendary sailors - one from the ancient world, the other from today. Set against the backdrop of Homer's great tale, this is the story of

sailing a small boat in the wake of Odysseus. **Tightwads on the Loose A Seven Year Pacific Odyssey Wendy E. Hinman** Everyone dreams of tropical escape. But what happens when you escape for too long? Imagine spending 24 hours a day with your spouse in 31 not-so-square feet . . . for years; crossing the Pacific Ocean on two gallons of fuel; and tossing spaghetti marinara around your living room, then cleaning it up while bouncing like ice in a martini shaker. **Tightwads on the Loose** tells the story of Wendy and Garth, lured to sea by the promise of adventure. They buy a 31-foot boat that fits their budget better than it fits Garth's large frame and set sail for an open-ended voyage, never imagining they'd be gone seven years, or cover 34,000 miles at the pace of a fast walk. They live without most "necessities" and learn that teamwork and a sense of humor matter most as they face endless "character-building opportunities." They make a long-anticipated visit to the island where Garth had been shipwrecked as a teenager, only to find it had become a penal colony. An electronic catastrophe in the Solomon Islands leaves them without navigation equipment, which forces them to trade their free-wheeling lifestyle for one that seems straight out of a '60s sitcom: jobs at a U.S. Army base in the Marshall Islands. In Asia, they dodge typhoons and ships that threaten to turn their home into kindling. Finally they endure a grueling 49-day nonstop ocean crossing. None of this prepares them for their arrival "home" to a post-9/11 America which leaves them wondering what had changed more, them or the world. **Tightwads on the Loose** offers a fun read to the armchair adventurer -- or anyone afflicted with wanderlust.
