#### GRIMMER THAN HELL

Baen Publishing Enterprises **THE FLEET** The Khalians are weasel shaped and weasel vicious; their main concern with humanity is the way humans taste. Behind the Khalians are others: stronger, smarter, and more vicious still. Captain Miklos Kowacs and the men and women of Marine Reaction Company 121, the Headhunters, have faced the Khalians on the front lines: now they're taking the war to the enemy, freeing captured planets from their bestial conquerors and penetrating even the Khalian horneworld. But the worst dangers to Kowacs and his Headhunters come from traitors who wear the same uniform! **BATTLESTATION** The only chance of defeating the Ichtons is to capture one one alive. No human battlefleet could hope to do that¾but just maybe a lone scout like Sergeant Dresser could. Anyway, he has to try. The Ichtons don't conquer their enemies: they destroy them utterly. **LACEY** In the not-too-distant future, government cameras watch every soul in North America. Only the most cunning and powerful imagine they can commit a crime and escape punishment, and they become the prey of hunters like Jed Lacey. Lacey has neither hopes nor fears, and he has no mercy at ad. There's never been anybody better at what he does. **WARRIORS ALL** There've always been men and women willing to stand between humanity and the worst the universe has to offer. The trouble is, they can't stay human and do their jobs¾and they must do their jobs. At the publisher's request, this title is sold without DRM (Digital Rights Management).

#### MUSIC IN CONFLICT

#### PALESTINE, ISRAEL AND THE POLITICS OF AESTHETIC PRODUCTION

Routledge Music in Conflict studies the complex relationship of musical culture to political life in Palestine-Israel, where conflict has both shaped and claimed the lives of Palestinians and Jews. In the context of the geography of violence that characterizes the conflict, borders and boundaries are material and social manifestations of the ways in which the production of knowledge is conditioned by political and structural violence. Ethical and aesthetic positions that shape artistic production in this context are informed by profound imbalances of power and contingent exposure to violence. Viewing expressive culture as a potent site for understanding these dynamics, the book examines the politics of sound to show how music-making reflects and forms identities, and in the process, shapes communities. The ethnography is based on fieldwork conducted in Israel and the West Bank in 2011-2012 and other excursions since then. Author has "followed the conflict" by "following the music," from concert halls to demonstrations, mixed-city community centers to Palestinian refugee camp children's clubs, alternative urban scenes and even a checkpoint. In all the different contexts presented, the monograph is thematically and theoretically underpinned by the ways in which music is used to culturally assert or reterritorialize both spatial and social boundaries in a situation of conflict.

**THE WELL OF LONELINESS**

---

GENERAL PRESS The Well of Loneliness, first published in 1928, is a timeless portrayal of lesbian love. The thinly disguised story of Hall's own life, it was banned outright upon publication and almost ruined her literary career as the subject was that of an obscenity trial and forbidden at the time in England. The novel tells the story of Stephen, an ideal child of aristocratic parents—a fencer, a horse rider and a keen scholar. Stephen grows to be a war hero, a bestselling writer and a loyal, protective lover. But Stephen is a woman, and is attracted to women. As her ambitions drive her, and society incarcerates her, Stephen is forced into desperate actions. Although Gordon's attitude toward her own sexuality is anguished, the novel presents lesbianism as natural and makes a plea for greater tolerance. It became an international bestseller, and for decades was the single most famous lesbian novel.
