A KINGDOM OF IMAGES

FRENCH PRINTS IN THE AGE OF LOUIS XIV, 1660-1715

[Getty Publications](#) **Once considered the golden age of French printmaking, Louis XIV's reign saw Paris become a powerhouse of print production. During this time, the king aimed to make fine and decorative arts into signs of French taste and skill and, by extension, into markers of his imperialist glory. Prints were ideal for achieving these goals; reproducible and transportable, they fueled the sophisticated propaganda machine circulating images of Louis as both a man of war and a man of culture. This richly illustrated catalogue features more than one hundred prints from the Getty Research Institute and the Bibliothèque nationale de France in Paris, whose print collection Louis XIV established in 1667. An esteemed international group of contributors investigates the ways that cultural policies affected printmaking; explains what constitutes a print; describes how one became a printmaker; studies how prints were collected; and considers their reception in the ensuing centuries. A Kingdom of Images is published to coincide with an exhibition on view at the Getty Research Institute from June 18 through September 6, 2015, and at the Bibliothèque nationale de France in Paris from November 2, 2015, through January 31, 2016.**

HORRIBLE HISTORIES SPECIAL: FRANCE

Scholastic UK Readers can discover all the foul facts about FRANCE, including which king thought he was made of glass, why French bread was once made from broken tiles and bricks and how to play hopscotch like a French highwayman. In ebook format, these bestselling titles are sure to be a huge hit with yet another generation of Terry Deary fans.

THE SPLENDID CENTURY

LIFE IN THE FRANCE OF LOUIS XIV

Pickle Partners Publishing "The Splendid Century," penned by the brother of famous author C. S. Lewis ("Alice in Wonderland"), is a depiction of various aspects of life in France during the reign of Louis XIV, gleaned through the author's thorough research of records, correspondence, and journals of the time. Using anecdotal evidence, the book probes in detail various facets of life in France during this time, including the lives of nobles (particularly those at court) as well as commoners, religious institutions and conflicts, the organization of the French army and its restructuring, rural life and city life, what life was like on galley ships and passenger sailing ships, how doctors were trained, and the state of women's education. The author also discusses the background behind Louis XIV's policies, illustrating their impact on French civilization, both during this time and for generations to come. A must-read for anyone interested in French history.

THE LIFE AND REIGN OF LEWIS XIV. LATE KING OF FRANCE AND NAVARRE: COLLECTED FROM THE MEMOIRS OF THE SIEUR CARPENTER, AND CONTINU'D TO HIS DEATH ... TO WHICH IS ADDED HIS CHARACTER ... A TRUE COPY OF HIS WILL ... WITH AN ACCOUNT OF HIS FUNERAL CEREMONY, &C. [WITH A PORTRAIT OF LOUIS XIV.]

KING OF THE WORLD

THE LIFE OF LOUIS XIV

University of Chicago Press Louis XIV was a man in pursuit of glory. Not content to be the ruler of a world power, he wanted the power to rule the world. And, for a time, he came tantalizingly close. Philip Mansel's King of the World is the most comprehensive and up-to-date biography in English of this hypnotic, flawed figure who continues to captivate our attention. This lively work takes Louis outside Versailles and shows the true extent of his global ambitions, with stops in London, Madrid, Constantinople, Bangkok, and beyond. We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants, his enmity with England, and his relations with the rest of Europe, as well as Asia, Africa, and the Americas. We also see the king's effect on the two great global diasporas of Huguenots and Jacobites, and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France. Along the way, we are enveloped in the splendor of Louis's court and the fascinating cast of characters who prostrated and plotted within it. King of the World is exceptionally researched, drawing on international archives and incorporating sources who knew the king intimately, including the newly released correspondence of Louis's second wife, Madame de Maintenon. Mansel's narrative flair is a perfect match for this grand figure, and he brings the Sun King's world to vivid life. This is a global biography of a global king, whose power was extensive but also limited by laws and circumstances, and whose interests and ambitions stretched far beyond his homeland. Through it all, we watch Louis XIV progressively turn from a dazzling, attractive young king to a belligerent reactionary who sets France on the path to 1789. It is a convincing and compelling portrait of a man who, three hundred years after his death, still epitomizes the idea of le grand monarque.

HORRIBLE HISTORIES: FRANCE

History with the nasty bits left in! France reveals the revolting truth behind the rebellious, revolutionary French, from the tortured times of the Dark Ages to the murderous moments of the 19th century. Want to know which king thought

he was made of glass, why French bread was once made from broken tiles and bricks, and how to play hopscotch like a French highwayman? Read on for the dire details on a host of curious kings, quirky queens and evil emperors - and the rebels who had them butchered, beheaded and bumped off when they'd had enough of them. Find out about France's foul famines, terrible Terrors and the gruesome guillotine. History has never been so horrible!

THE HISTORY OF HENRY IV

SURNAMED "THE GREAT", KING OF FRANCE AND NAVARRE, TRANSLATED FROM THE FRENCH

Forgotten Books **Excerpt from The History of Henry IV: Surnamed "the Great", King of France and Navarre, Translated From the French This History of Henry IV. of France forms the seventh issue of my Historic Memoir Series. The character of this King is one that recommends itself to the sympathy of the English people, inasmuch as he was so closely allied with, and received considerable assistance from, Queen Elizabeth of England. Henry IV. bore arms from the age of fifteen to forty-five, taking part in more than a hundred combats. This history was written by Hardouin de Beaumont de Péréfixe, successively Bishop of Rhodéz and Archbishop of Paris. It was written for the edification of Louis XIV., grandson of Henry IV., and was translated for another grandson, Charles II. of England, by James Dauncey. The first French edition was published at Amsterdam in 1661. The English edition, published at London, appeared in 1663. Numerous French editions have been published, the latest and best being that issued at Paris in 1876. There is no trace of any other English issue than one published at Paris in 1785, and that is not absolutely correct. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. FRANCE

17TH-CENTURY FRENCH PEOPLE

LOUIS XIV OF FRANCE

What's so special about Louis XIV Of France?In this new, compelling book from author Charline Moreno, find out more about Louis XIV Of France ...Louis XIV, known as Louis the Great or the Sun King, was a Bourbon monarch who ruled as King of France and Navarre. He holds the distinction of being the longest-reigning king in European history, reigning for 72 years and 110 days.Louis began his personal rule of France in 1661 after the death of his chief minister, the Italian Cardinal Mazarin. An adherent of the theory of the divine right of kings, which advocates the divine origin and

lack of temporal restraint of monarchical rule, Louis continued his predecessors' work of creating a centralized state governed from the capital. He sought to eliminate the remnants of feudalism persisting in parts of France and, by compelling the noble elite to inhabit his lavish Palace of Versailles, succeeded in pacifying the aristocracy, many members of which had participated in the Fronde rebellion during Louis' minority. By these means he consolidated a system of absolute monarchical rule in France that endured until the French Revolution. During Louis's reign France was the leading European power and fought three major wars: the Franco-Dutch War, the War of the League of Augsburg, and the War of the Spanish Succession and two minor conflicts the War of Devolution and the War of the Reunions. Louis encouraged and benefited from the work of prominent political, military and cultural figures such as Mazarin, Colbert, Turenne and Vauban, as well as Molière, Racine, Boileau, La Fontaine, Lully, Le Brun, Rigaud, Bossuet, Le Vau, Mansart, Charles and Claude Perrault, and Le Nôtre. Upon his death just days before his seventy-seventh birthday, Louis was succeeded by his five-year-old great-grandson, Louis XV. All his intermediate heirs his son Louis, le Grand Dauphin; the Dauphin's eldest son Louis, duc de Bourgogne; and Bourgogne's eldest son and his second eldest son, Louis, duc de Bretagne predeceased him. So, what separates this book from the rest? A comprehensive narrative of Louis XIV Of France, this book gives a full understanding of the subject. A brief guide of subject areas covered in "17th-century French People - Louis XIV Of France" include -- Louis XIV of France- War of Devolution- Franco-Dutch War- Orientalism in early modern France- War of the Grand Alliance- Treaty of Ryswick- War of the Spanish Succession- Descendants of Louis XIV of France Find out more of this subject, its intricacies and its nuances. Discover more about its importance. Develop a level of understanding required to comprehend this fascinating concept. Author Charline Moreno has worked hard researching and compiling this fundamental work, and is proud to bring you "17th-century French People - Louis XIV Of France" ...Read this book today ...

A POPULAR HISTORY OF FRANCE

Hildreth Press **PREFACE.** THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

BEACON LIGHTS OF HISTORY: GREAT RULERS

THE FIRST BOURBON

HENRY IV OF FRANCE & NAVARRE

[Thistle Publishing](#) The founder of the Bourbon dynasty, Henry IV, who ruled France from 1589 to 1610, is the most romantic of French kings. Very different from his grandson Louis XIV, he was a hard-fighting, hard swearing Southerner, who fought over 200 battles and had 60 (recorded) mistresses* After surviving his predecessor's murderous court, he rebuilt a France ruined by thirty years of war between Catholics and Protestants, enabling her to become the most powerful country in Europe. A man of enormous charm and humanity, he was famous for promising that every French peasant was going to have a chicken in the pot in Sundays. Even Napoleon admired him, always keeping a statue of him nearby.
