Backward-Facing Man

A Novel

Ecco Charlie Puckman, Jr., Lorraine Nadia, and Frederick Keane came of age in the late 1960s. Like that era, their lives were mysterious, idealistic, passionate, and romantic, even -- but ultimately confused and, often, ineffectual. More than thirty years later, their youthful adventures continue to have ramifications: Charlie faces prosecution after an industrial accident at his family business, Lorraine's daughter is searching for the father she never knew, and Frederick has gone underground after his radical life has spiraled out of control. Epic in scope and touching on such provocative issues as Patty Hearst and the SLA, crime and the possibility of redemption, and the search for self and life's meaning, *Backward-Facing Man* is a novel about choices and their lasting effects on people's lives, their families, and American society.

The Man with the Getaway Face

A Parker Novel

University of Chicago Press You probably haven't ever noticed them. But they've noticed you. They notice everything. That's their job. Sitting quietly in a nondescript car outside a bank making note of the tellers' work habits, the positions of the security guards. Lagging a few car lengths behind the Brinks truck on its daily rounds. Surreptitiously jiggling the handle of an unmarked service door at the racetrack. They're thieves. Heisters, to be precise. They're pros, and Parker is far and away the best of them. If you're planning a job, you want him in. Tough, smart, hardworking, and relentlessly focused on his trade, he is the heister's heister, the robber's robber, the heavy's heavy. You don't want to cross him, and you don't want to get in his way, because he'll stop at nothing to get what he's after. Parker, the ruthless antihero of Richard Stark's eponymous mystery novels, is one of the most unforgettable characters in hardboiled noir. Lauded by critics for his taut realism, unapologetic amorality, and razor-sharp prose-style—and adored by fans who turn each intoxicating page with increasing urgency—Stark is a master of crime writing, his books as influential as any in the genre. The University of Chicago Press has embarked on a project to return the early volumes of this series to print for a new generation of readers to discover—and become addicted to. Parker goes under the knife in *The Man with the Getaway Face*, changing his face to escape the mob and a contract on his life. Along the way he scores his biggest heist yet: an armored car in New Jersey, stuffed with cash. "Westlake knows precisely how to grab a reader, draw him or her into the story, and then slowly tighten his grip until escape is impossible."—*Washington Post Book World* "Elmore Leonard wouldn't write what he does if Stark hadn't been there before. And Quentin Tarantino wouldn't write what he does without Leonard. . . . Old master that he is, Stark does all of them one better."—*Los Angeles Times* "Donald Westlake's Parker novels are among the small number of books I read over and over. Forget all that crap you've been telling yourself about War and Peace and Proust—these are the books you'll want on that desert island."—Lawrence Block

Mysterious Door A victim no one can identify - in a town full of secrets... The Chap-book

The English Novel in History 1700-1780

Routledge The English Novel in History 1700-1780 provides students with specific contexts for the early novel in response to a new understanding of eighteenth-century Britain. It traces the social and moral representations of the period in extended readings of the major novelists, as well as evaluating the importance of lesser known ones. John Richetti traces the shifting subject matter of the novel, discussing: * scandalous and amatory fictions * criminal narratives of the early part of the century * the more disciplined, realistic, and didactic strain that appears in the 1740's and 1750's * novels promoting new ideas about the nature of domestic life * novels by women and how they relate to the shift of subject matter This original and useful book revises traditional literary history by considering novels from those years in the context of the transformation of Britain in the eighteenth century.

The Rustler of Wind River (Western Novel)

e-artnow Saul Chadron's plan to hire Mark Thorn to kill the rustler, Alan MacDonald, goes awry with his own daughter falling for his enemy. On the top of it, he couldn't have anticipated the huge backlash the rustlers would put up against him and his mighty band of settlers. Who will have the last word or say the last bullet? Excerpt: "When a man came down out of the mountains looking dusty and gaunt as the stranger did, there was no marvel in the matter of his eating five cans of cove oysters. The one unaccountable thing about it was that Saul Chadron, president of the Drovers' Association, should sit there at the table and urge the lank, lean starveling to go his limit. Usually Saul Chadron was a man who picked his companions, and was a particular hand at the choosing. He could afford to do that, being of the earth's exalted in the Northwest, where people came to him and put down their tribute at his feet..."

Kubrick's Men

Fordham University Press A provocative re-reading of Stanley Kubrick's work and its focus on masculine desire The work of Stanley Kubrick amounts to a sustained reflection on the male condition: past, present, and future. The persistent theme of his filmmaking is less violence or sex than it is the pressurized exertion of masculinity in unusual or extreme circumstances, where it may be taxed or exaggerated to various effects, tragic and comic—or metamorphosed, distorted, and even undone. The stories that Kubrick's movies tell range from global nuclear politics to the unpredictable sexual dynamics of a marriage; from a day in the life of a New York City prizefighter preparing for a nighttime bout to the evolution of humankind. These male melodramas center on sociality and asociality. They feature male doubles, pairs, and rivals. They explore the romance of men and their machines, and men as machines. They figure intensely conflicted forms of male sexual desire. And they are also very much about male manners, style, taste, and art. Examining the formal, thematic, and theoretical affiliations between Kubrick's three bodies of work—his photographs, his documentaries, and his feature films—Kubrick's Men offers new vantages on to the question of gender and sexuality, including the first extended treatment of homosexuality in Kubrick's male-oriented work.
