Marcella, a society girl from Spain, defies her father to become a passionate abolitionist. Mary and Micah are slaves of varying circumstances, who form an instant connection and embark on a tumultuous path to freedom. The Road

Vintage NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

The National Road

Dispatches From a Changing America

Catapult This collection of "eloquent essays that examine the relationship between the American landscape and the national character" serves to remind us that despite our differences we all belong to the same land (Publishers Weekly). "How was it possible, I wondered, that all of this American land--in every direction--could be fastened together into a whole?" What does it mean when a nation accustomed to moving begins to settle down, when political discord threatens unity, and when technology disrupts traditional ways of building communities? Is a shared soil enough to reinvigorate a national spirit? From the embaattled newsrooms of small town newspapers to the pornography film sets of the Los Angeles basin, from the check-out lanes of Dollar General to the holy sites of Mormonism, from the nation's highest peaks to the razed remains of a cherished home, like a latter-day Woody Guthrie, Tom Zoellner takes to the highways and byways of a vast land in search of the soul of its people. By turns nostalgic and probing, incisive and enraged, Zoellner's reflections reveal a nation divided by faith, politics, and shifting economies, but--more importantly--one united by a shared sense of ownership in the common land.

Coffin Road

Quercus In his latest mystery set in Scotland and the Outer Hebrides, award-winning author Peter May spins a tale about three disparate cases that may or may not be linked... On the remote Isle of Harris in Scotland's Outer Hebrides, a man washes up on a deserted beach, hypothermic and completely disoriented. He has no idea who he is or how he got there. The only clue to his condition is a map of the island showing a desolate, ancient path called the Coffin Road. With a sense of dread and no clear idea what lies at the other end, he knows he must follow the trail if he has any hope of discovering his identity. Meanwhile, homicide detective George Gunn makes the rough ocean crossing to a remote, sea-battered lighthouse on a rock in the northern Atlantic, twenty miles west of the Outer Hebrides, to investigate a brutal murder. Despite its isolation, the tiny island has seen its share of tragedy: more than a century earlier, three lighthouse keepers disappeared, never to be seen or heard from again. And now there is a new tragedy, and Gunn must figure out what happened. At the same time, a teenage girl lies in her Edinburgh bedroom, desperate to discover the truth about her father's death. Two years after the discovery of the pioneering scientist's suicide note, Karen Fleming still cannot accept that her father would willingly abandon her. And the more she discovers about the nature of his research, the more she suspects that suicide had nothing to do with it.

Stories

Bantam Spirited American stories gathered together for the first time From the coasts of Brazil to the borders of Tibet to the very heartland of America, *May There Be a Road* gathers ten previously uncollected stories that capture the magnificent scope and sense of epic adventure that epitomize Louis L'Amour classic fiction. In these vivid settings L'Amour takes us into the pivotal moments when lives are altered forever, when men and women face a deadly enemy, find a kindred spirit, or confront their own mortality. Among the unforgettable characters we meet here are a hard-living, hard-drinking freighter captain whose penchant for flying may change the course of World War II . . . A lonely frontiersman who unexpectedly finds himself the protector of two orphans . . . A boxer who accepts a gambler's payoff and then must fight to redeem himself . . . A detective willing to believe an unproven story in order to discover a painful truth hidden in a small town. And in the title story L'Amour weaves the powerful tale of a young Tibetan khan who leads a band of horsemen on a daring escape across treacherous mountain terrain. At stake is the survival of a people and an ancient way of life. Evoking the American spirit of bravery, pride, adventure, and self-reliance as few writers have, this extraordinary volume proves once again that L'Amour has set a standard yet to be matched.

The Playful Air of Light(ness) in Irish Literature and Culture

Cambridge Scholars Publishing While discussions in the field of Irish Studies traditionally gravitate towards themes of struggle, oppression and death, the present book originates from a contradictory impulse. Without losing sight of Ireland's troubled history and the complexities that shape its present, it centres on instances of playfulness, light(ness) and air in Irish literature and culture. Refracted through the prism of contemporary philosophy (notably of Italo Calvino, Luce Irigaray and María Lugones), these categories serve as the basis for thirteen essays by academics from Poland, the UK, Germany and Spain. Some of these offer fresh readings of such seminal authors as W. B. Yeats, Louis MacNeice, Seamus Heaney and John Banville; others look at lesser-known figures, such as Eimar O'Duffy and Forrest Reid, who, before now, have received little scholarly attention.

Magical Realism in West African Fiction

Routledge This study contextualizes magical realism within current debates and theories of postcoloniality and examines the fiction of three of its West African pioneers: Syl Cheney-Coker of Sierra Leone, Ben Okri of Nigeria and Kojo Laing of Ghana. Brenda Cooper explores the distinct elements of the genre in a West African context, and in relation to: * a range of global expressions of magical realism, from the work of Gabriel Garcia Marquez to that of Salman Rushdie * wider contemporary trends in African writing, with particular attention to how the realism of authors such as Chinua Achebe and Wole Soyinka has been connected with nationalist agendas. This is a fascinating and important work for all those working on African literature, magical realism, or postcoloniality.

Books Are Made Out of Books

A Guide to Cormac McCarthy's Literary Influences

[University of Texas Press](#) Cormac McCarthy told an interviewer for the *New York Times Magazine* that "books are made out of books," but he has been famously unwilling to discuss how his own writing draws on the works of other writers. Yet his novels and plays masterfully appropriate and allude to an extensive range of literary works, demonstrating that McCarthy is well aware of literary tradition, respectful of the canon, and deliberately situating himself in a knowing relationship to precursors. The Wittliff Collection at Texas State University acquired McCarthy's literary archive in 2007. In *Books Are Made Out of Books*, Michael Lynn Crews thoroughly mines the archive to identify nearly 150 writers and thinkers that McCarthy himself references in early drafts, marginalia, notes, and correspondence. Crews organizes the references into chapters devoted to McCarthy's published works, the unpublished screenplay *Whales and Men*, and McCarthy's correspondence. For each work, Crews identifies the authors, artists, or other cultural figures that McCarthy references; gives the source of the reference in McCarthy's papers; provides context for the reference as it appears in the archives; and explains the significance of the reference to the novel or play that McCarthy was working on. This groundbreaking exploration of McCarthy's literary influences—impossible to undertake before the opening of the archive—vastly expands our understanding of how one of America's foremost authors has engaged with the ideas, images, metaphors, and language of other thinkers and made them his own.

The Only Road

[Simon and Schuster](#) PURA BELPRÉ HONOR BOOK ALA NOTABLE BOOK "An important, must-have addition to the growing body of literature with immigrant themes." —*School Library Journal* (starred review) Twelve-year-old Jaime makes the treacherous and life-changing journey from his home in Guatemala to live with his older brother in the United States in this "powerful and timely" (Booklist, starred review) middle grade novel. Jaime is sitting on his bed drawing when he hears a scream. Instantly, he knows: Miguel, his cousin and best friend, is dead. Everyone in Jaime's small town in Guatemala knows someone who has been killed by the Alphas, a powerful gang that's known for violence and drug trafficking. Anyone who refuses to work for them is hurt or killed—like Miguel. With Miguel gone, Jaime fears that he is next. There's only one choice: accompanied by his cousin Ángela, Jaime must flee his home to live with his older brother in New Mexico. Inspired by true events, *The Only Road* is an individual story of a boy who feels that leaving his home and risking everything is his only chance for a better life. The story is "told with heartbreaking honesty," Booklist raved, and "will bring readers face to face with the harsh realities immigrants go through in the hope of finding a better, safer life, and it will likely cause them to reflect on what it means to be human."

Novel Definitions

An Anthology of Commentary on the Novel, 1688-1815

[Broadview Press](#) *Novel Definitions* captures the lively critical debate surrounding the invention of the English novel, showing how the rise of the novel is accompanied by a rise in popular literary criticism. The over 135 pieces here, many newly-discovered, include essays, prefaces, reviews, and sermons written by authors ranging from Aphra Behn to Walter Scott. *Novel Definitions* brings together authors' commentary on their work; debates concerning the novel's formal qualities and cultural position, including who should read novels; reviewers' definitions of the qualities that make a novel successful; and literary historians' first attempts to write the history of the novel.

Kerouac

Language, Poetics, and Territory

[Bloomsbury Publishing USA](#) Given Jack Kerouac's enduring reputation for heaving words onto paper, it might surprise some readers to see his name coupled with the word poetics. But as a native speaker of French, he embarked on his famous spontaneous prose only after years of seeking techniques to overcome the restrictions he encountered in writing in a single language, English. The result was an elaborate poetics that cannot be fully understood without accounting for his bilingual thinking and practice. Of the more than twenty-five biographies of Kerouac, few have seriously examined his relationship to the French language and the reason for his bilingualism, the Québec Diaspora. Although this background has long been recognized in French-language treatments, it is a new dimension in Anglophone studies of his writing. In a theoretically informed discussion, Hassan Melehy explores how Kerouac's poetics of exile involves meditations on moving between territories and languages. Far from being a naïve pursuit, Kerouac's writing practice not only responded but contributed to some of the major aesthetic and philosophical currents of the twentieth century in which notions such as otherness and nomadism took shape. *Kerouac: Language, Poetics, and Territory* offers a major reassessment of a writer who, despite a readership that extends over much of the globe, remains poorly appreciated at home.

Singing an Indian Song

A Biography of D'Arcy McNickle

[U of Nebraska Press](#) One of the foremost Native American intellectuals of his generation (1904-77), D'Arcy McNickle is best known today for the American Indian history center that carries his name at the Newberry Library in Chicago, and for his novels, *The Surrounded*, *Runner in the Sun*, and *Wind from an Enemy Sky*. A historian and novelist, he was also an anthropologist, Bureau of Indian Affairs official during the heady days of the Indian New Deal, teacher, and founding member of the National Congress of American Indians. The child of a Métis mother and white father, he was an enrolled member of the Flathead Tribe of Montana. But first, and largely by choice, he was a Native American who sought to restore pride and self-determination to all Native American people. Based on a wide range of previously untapped sources, this first full-length biography traces the course of McNickle's life from the reservation of his childhood through a career of major import to American Indian political and cultural affairs. In so doing it reveals a man who affirmed his own heritage while giving a collective Indian voice to many who had previously seen themselves only in a tribal context.
