KEY=SPOUSE - MOONEY CURTIS

The Love List [iUniverse](#) Elena Murzello cannot imagine going to the grocery store without a list. As she strolls through the aisles, she relies on her list to make sure she gets her must-haves and to help keep her from grabbing items she does not need. It was with this theory in mind that, at age twenty-one, she created a list of characteristics for a potential lifelong mate that still guides her love choices to this day. In **The Love List**, Elena shares her real-life experiences as well as information gathered from more than a hundred single, divorced, and married men and women about the qualities they look for in a life partner. Abstracting details from her interviews she created a process that anyone can use to create his or her own lists. Along with introspective questions to ponder, Elena includes sample lists of characteristics, the top three traits both men and women seek in a partner, an exploration of different types of relationships, and ways to diversify a portfolio of suitors. **The Love List** provides practical tips and personal stories to encourage single people to look deep within, take risks, and learn to rely on their own unique lists while searching for the perfect mate. **Just Married 40 Years Ago Perfect Notebook For Married Couple. Specifications: □ Layout: Lined □ Dimensions: 6" x 9" □ Soft, matte laminated paperback cover □ 100 pages or 50 sheets □ Acid Free Paper □ Binding: Perfect **An Ideal Husband** [Courier Corporation](#) Although Oscar Wilde (1854-1900) created a wide range of poetry, essays, and fairy tales (and one novel) in his brief, tragic life, he is perhaps best known as a dramatist. His witty, clever drama, populated by brilliant talkers skilled in the art of riposte and paradox, are still staples of the theatrical repertoire. **An Ideal Husband** revolves around a blackmail scheme that forces a married couple to reexamine their moral standards — providing, along the way, a wry commentary on the rarity of politicians who can claim to be ethically pure. A supporting cast of young lovers, society matrons, an overbearing father, and a formidable femme fatale continually exchange sparkling repartee, keeping the play moving at a lively pace. Like most of Wilde's plays, this scintillating drawing-room comedy is wise, well-constructed, and deeply satisfying. An instant success at its 1895 debut, the play continues to delight audiences over one hundred years later. **An Ideal Husband** is a must-read for Wilde fans, students of English literature, and anyone delighted by wit, urbanity, and timeless sophistication. **World Best Wife Since 6 Years: 120 Blank College Ruled Line Paper Pages for Wedding / Notepad and Diary for Writing and****

Bleeding Watermelon (307-311) Nor bzang Folktale-The King of Seven Seeds (313-320) Bsod nams rgyal mtshan A New Investigation of the Geographic Position of the Báilán Capital of the Tǔyùhún (99-150) Shikuí, Zhū, and Chéng Qìjùn The All-or-Nothing Marriage How the Best Marriages Work [Penguin](#) “After years of debate and inquiry, the key to a great marriage remained shrouded in mystery. Until now...”—Carol Dweck, author of *Mindset: The New Psychology of Success* Eli J. Finkel's insightful and ground-breaking investigation of marriage clearly shows that the best marriages today are better than the best marriages of earlier eras. Indeed, they are the best marriages the world has ever known. He presents his findings here for the first time in this lucid, inspiring guide to modern marital bliss. The All-or-Nothing Marriage reverse engineers fulfilling marriages—from the “traditional” to the utterly nontraditional—and shows how any marriage can be better. The primary function of marriage from 1620 to 1850 was food, shelter, and protection from violence; from 1850 to 1965, the purpose revolved around love and companionship. But today, a new kind of marriage has emerged, one oriented toward self-discover, self-esteem, and personal growth. Finkel combines cutting-edge scientific research with practical advice; he considers paths to better communication and responsiveness; he offers guidance on when to recalibrate our expectations; and he even introduces a set of must-try “lovehacks.” This is a book for the newlywed to the empty nester, for those thinking about getting married or remarried, and for anyone looking for illuminating advice that will make a real difference to getting the most out of marriage today. On Marrying the Wrong Person and Other Lessons [School of Life](#) A pessimist's guide to marriage, offering insight, practical advice, and consolation. There are countless stories about how we ought to live our lives. These narratives can make our lives easier, and they might sometimes make us happier too. But they can also trap us and those around us. In *Happy Ever After*, bestselling happiness expert Professor Paul Dolan draws on a wealth of evidence to bust the common myths about our sources of happiness and shows that there can be many unexpected paths to lasting happiness. Some of these might involve not going into higher education, choosing not to marry, rewarding acts rooted in self-interest and caring a little less about living forever. By freeing ourselves from the myth of the perfect life, we might each find a life worth living. Surfer Wife Happy Life Notebook Dotted Lined Surfing Notebook (6x9 Inches) Ideal as a Water Sports Journal. Perfect as a Surfer Book for All Ocean, Sea and Surf Lover. The Seven Principles for Making Marriage Work [Harmony](#) Just as Masters and Johnson were pioneers in the study of human sexuality, so Dr. John Gottman has revolutionized the study of marriage. As a professor of psychology at the University of Washington and the founder and director of the Seattle Marital and Family Institute, he has studied the habits of married couples in unprecedented detail over the course of many years. His findings, and his heavily attended workshops, have already turned around thousands of faltering marriages. This book is the culmination of his life's work: the seven principles that guide couples on the path toward a harmonious and long-lasting relationship. Straightforward in their approach, yet profound in their effect, these principles teach partners new and startling strategies for making their marriage work. Gottman helps couples focus on each other, on paying attention to the small day-to-day moments that, strung together, make up the heart and soul of any relationship. Being thoughtful about ordinary matters provides spouses with a solid foundation for resolving conflict when it does occur and finding strategies for living with those issues that cannot be resolved. Packed with questionnaires and exercises whose effectiveness has been proven in Dr. Gottman's workshops, *The Seven Principles for Making Marriage Work* is the definitive guide for anyone who wants their relationship to attain its highest potential. *The Seven Principles for Making Marriage Work* is the result of Dr. John Gottman's many years of closely observing thousands of marriages. This kind of longitudinal research has never been done before. Based on his findings, he has culled seven principles essential to the success of any marriage. Maintain a love map. Foster fondness and admiration. Turn toward instead of away. Accept influence. Solve solvable conflicts. Cope with conflicts you can't resolve. Create shared meaning. Dr. Gottman's unique questionnaires and exercises will guide couples on the road to revitalizing their marriage, or making a strong one even better. *The Best Way to Mend a Broken Heart Is Time and Girlfriends Friendship Gift for Women / Man Journal Notebook Cute and Funny Friend Gifts - Ideal for Galentine's Day, Friendaversary, Birthday, Retirees Composition Book 6 X 9 Inches 120 Lined Pages With The best way to mend a broken heart is time and girlfriends. The Ideal Wife [Simon and Schuster](#) Jana, a former student currently married to a lawyer, begins to regret the marriage as her husband's values become questionable and a handsome widower arrives months later. *Wired for Love How Understanding Your Partner's Brain and Attachment Style Can Help You Defuse Conflict and Build a [New Harbinger Publications](#) "What the heck is my partner thinking?" is a common refrain in romantic relationships, and with good reason. Every person is wired for love differently, with different habits, needs, and reactions to conflict. The good news is that most people's minds work in predictable ways and respond well to security, attachment, and rituals, making it possible to actually neurologically prime the brain for greater love and fewer conflicts. *Wired for Love* is a complete insider's guide to understanding a partner's brain and promoting love and trust within a romantic relationship. Readers learn ten scientific principles they can use to avoid triggering fear and panic in their partners, manage their partners' emotional reactions when they do become upset, and recognize when the brain's threat response is hindering their ability to act in a loving way. By learning to use simple gestures and words, readers can learn to put out emotional fires and help their partners feel more safe and secure. The no-fault view of conflict in this book encourages readers to move past a ""warring brain"" mentality and toward a more cooperative ""loving brain"" understanding of the relationship. Based in the sound science of neurobiology, attachment theory, and emotion regulation research, this book is essential reading for couples and others interested in understanding the complex dynamics at work behind love and trust in intimate relationships. Couples That Work How Dual-Career Couples Can Thrive in Love and Work [Harvard Business Press](#) Finding fulfillment in both love and work isn't easy--but it's possible. The majority of couples today are dual-career couples. As anyone who's part of such a relationship knows, this presents big challenges: trying to raise kids and achieve career goals while caring for and supporting your partner can seem impossible. Yet most advice for dual-career couples fails, framing the challenges as a zero-sum game in which one partner's gain is the other's loss and solutions feel like sacrifices or unsatisfactory trade-offs. This book is different. In *Couples That Work*, INSEAD professor Jennifer Petriglieri rejects conventional, one-size-fits-all solutions and instead focuses on how dual-career couples can tackle and resolve the challenges they face throughout their lives--together. She identifies three key phases of exploration and personal growth in every couple's work-life journey, showing how partners must navigate these together to strengthen their bond. Each phase is crystallized with a question: How can we make this work? The first phase focuses on the logistics of combining two busy lives and often involves the demands of young children. What do we really want? In the second phase, couples learn to navigate their midlife crises in ways that allow each partner to continue to feel happy and fulfilled. Who are we now? With careers winding down and kids grown up, this last phase offers new freedoms--and uncertainties. Based on a five-year research project, the book includes interviews with couples from over thirty countries--from executives to entrepreneurs and from twentysomething newlyweds to dual-career grandparents. Filled with vivid real-life stories, keen insights, and engaging exercises, *Couples That Work* will help couples develop their own unique answers to that most pressing question: How can we successfully combine love and work? Parliamentary Papers ADD-Friendly Ways to Organize Your Life Strategies that Work from a Professional Organizer and a Renowned ADD Clinician [Routledge](#) Over 100,000 Copies Sold! Organizing books fall short of addressing the unique needs of adults with ADD. They fail to understand the clinical picture of ADD and how it impacts the organizing process often making their advice irrelevant or frustrating when put into application. Books about ADD may address organization/disorganization but do so in a cursory fashion and on a very small scale in what are usually long books on the subject. This is a book that has ADD-Friendly advice with the ADDer in mind. This collaboration brings forth the best underlying understanding with the most effective and practical remedy from ADD experts in two important fields -- professional organization and clinical psychology. Finally, it offers organizing advice that ranges from self-help to utilizing the help of non-professionals, to using professional assistance. Thus it permits the reader to decide where they are at personally in the organizing process, and what level of support will be most beneficial to their unique situation. The British Study Edition of the Urantia Papers Book [eReader PDF] [Tigran Aivazian](#) The British Study Edition of the Urantia Papers is based on the standard SRT text, but uses the metric system and adds a critical apparatus of textual variants and study notes.
