### THE MUELLER REPORT

---

### THE FINAL REPORT OF THE SPECIAL COUNSEL ON RUSSIAN INTERFERENCE IN THE 2016 PRESIDENTIAL ELECTION

---

**Courier Dover Publications** This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

### THE CONSTITUTION OF THE REPUBLIC OF MALAWI

---

### GLOBAL TRENDS 2030

---

### ALTERNATIVE WORLDS

---

**Military Bookshop** FULL COLOR PUBLICATION. Global megatrends for the next 20 years and how they will affect the United States. This is the fifth installment in the National Intelligence Council's series aimed at providing a framework for thinking about possible futures and their implications. The report is intended to stimulate strategic thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories during the next 15-20 years by identifying critical trends and potential discontinuities. The authors distinguish between megatrends, those factors that will likely occur under any scenario, and game-changers, critical variables whose trajectories are far less certain. Appropriate for anyone, from business to banks, government to start-ups, technology to teachers and more, this publication helps anticipate where the world will be socially, politically, technically and culturally over the next few decades.

### THE FINANCIAL CRISIS INQUIRY REPORT

---

### THE FINAL REPORT OF THE NATIONAL COMMISSION ON THE CAUSES OF THE FINANCIAL AND ECONOMIC CRISIS IN THE UNITED STATES INCLUDING DISSENTING VIEWS

---

**Cosimo, Inc.** The Financial Crisis Inquiry Report, published by the U.S. Government and the Financial Crisis Inquiry Commission in early 2011, is the official government report on the United States financial collapse and the review of major financial institutions that bankrupted and failed, or would have without help from the government. The commission and the report were implemented after Congress passed an act in 2009 to review and prevent fraudulent activity. The report details, among other things, the periods before, during, and after the crisis, what led up to it, and analyses of subprime mortgage lending, credit expansion and banking policies, the collapse of companies like Fannie Mae and Freddie Mac, and the federal bailouts of Lehman and AIG. It also discusses the aftermath of the fallout and our current state. This report should be of interest to anyone concerned about the financial situation in the U.S. and around the world. THE FINANCIAL CRISIS INQUIRY COMMISSION is an independent, bi-partisan, government-appointed panel of 10 people that was created to "examine the causes, domestic and global, of the current financial and economic crisis in the United States." It was established as part of the Fraud Enforcement and Recovery Act of 2009. The commission consisted of private citizens with expertise in economics and finance, banking, housing, market regulation, and consumer protection. They examined and reported on "the collapse of major financial institutions that failed or would have failed if not for exceptional assistance from the government." News Dissector DANNY SCHECHTER is a journalist, blogger and filmmaker. He has been reporting on economic crises since the 1980's when he was with ABC News. His film In Debt We Trust warned of the economic meltdown in 2006. He has since written three books on the subject including Plunder: Investigating Our Economic Calamity (Cosimo Books, 2008), and The Crime Of Our Time: Why Wall Street Is Not Too Big to Jail (Disinfo Books, 2011), a companion to his latest film Plunder The Crime Of Our Time. He can be reached online at [www.newsdissector.com](http://www.newsdissector.com).

### WORLD REPORT 2018

---

### EVENTS OF 2017

---

**Seven Stories Press** The human rights records of more than ninety countries and territories are put into perspective in Human Rights Watch's signature yearly report. Reflecting extensive investigative work undertaken in 2016 by Human Rights Watch staff, in close partnership with domestic human rights activists, the annual World Report is an invaluable resource for journalists, diplomats, and citizens, and is a must-read for anyone interested in the fight to protect human rights in every corner of the globe.

### GLOBAL TRENDS 2030

---

### ALTERNATIVE WORLDS : A PUBLICATION OF THE NATIONAL INTELLIGENCE COUNCIL

---

**U.S. Government Printing Office** This report is intended to stimulate thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories over the next 15 years. As with the NIC's previous Global Trends reports, we do not seek to predict the future, which would be an impossible feat, but instead provide a framework for thinking about possible futures and their implications. In-depth research, detailed modeling and a variety of analytical tools drawn from public, private and academic sources were employed in the production of Global Trends 2030. NIC leadership engaged with experts in nearly 20 countries, from think tanks, banks, government offices and business groups, to solicit reviews of the report.

### PRE-INCIDENT INDICATORS OF TERRORIST INCIDENTS

---

### THE IDENTIFICATION OF BEHAVIORAL, GEOGRAPHIC AND TEMPORAL PATTERNS OF PREPARATORY CONDUCT

---

**DIANE Publishing** This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

---

**OECD Publishing** This Toolkit provides non-technical, practical help to enable officials to recognise conflict of interest situations and help them to ensure that integrity and reputation are not compromised.

### GLOBAL INNOVATION INDEX 2020

---

---

## WHO WILL FINANCE INNOVATION?

---

**WIPO** The Global Innovation Index 2020 provides detailed metrics about the innovation performance of 131 countries and economies around the world. Its 80 indicators explore a broad vision of innovation, including political environment, education, infrastructure and business sophistication. The 2020 edition sheds light on the state of innovation financing by investigating the evolution of financing mechanisms for entrepreneurs and other innovators, and by pointing to progress and remaining challenges – including in the context of the economic slowdown induced by the coronavirus disease (COVID-19) crisis.

---

## IMPORTING INTO THE UNITED STATES

---

---

### A GUIDE FOR COMMERCIAL IMPORTERS

---

This edition of *Importing Into the United States* contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. *Importing Into the United States* provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers.

---

## THE NEGRO MOTORIST GREEN BOOK

---

---

### 1940 EDITION

---

**Colchis Books** The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

---

## COMPARING HEALTH-RELATED POLICIES & PRACTICES IN SPORTS

---

---

### THE NFL AND OTHER PROFESSIONAL LEAGUES

---

**Createspace Independent Publishing Platform** This comprehensive report, published as part of the Football Players Health Study at Harvard University, highlights areas in which the player health related policies and practices of the NFL could potentially be improved by considering steps taken by other professional sports leagues. While the report concludes that the NFL's player health provisions are generally the most protective of player health among the relevant comparators, there are still important opportunities for improvement. The report is unprecedented both in scope and focus. This is the first comprehensive comparison of the health-related policies and practices of elite professional sports leagues: the National Football League (NFL); Major League Baseball (MLB); National Basketball Association (NBA); National Hockey League (NHL); Canadian Football League (CFL); and, Major League Soccer (MLS). After analyzing the leagues, the report compares each one to the NFL on the following health-related issues: (1) Club Medical Personnel (including discussion of conflicts of interest); (2) Injury Rates and Policies (including detailed comparisons of concussion rates); (3) Health-Related Benefits (including health insurance and retirement benefits for current and former players); (4) Drug and Performance-Enhancing Substance Policies; (5) Compensation (including guaranteed compensation); and, (6) Eligibility Rules (including discussion of the "readiness" of athletes for professional play). The areas in which the NFL can potentially learn from other leagues are: 1. Pre-season physicals performed by a neutral physician (CFL). 2. Concussion-specific short-term injury list (MLB). 3. Injury reporting policies that do not require disclosure of the location of a player's injury (MLB, NHL, and CFL). 4. Health insurance to players for life (MLB, NBA, and NHL). 5. Retirement plan payments higher than the NFL (MLB, NBA, and NHL). 6. Players vested in pension plans on their first day in the league (MLB and NHL). 7. Treatment for players who violated performance-enhancing substance policies (NBA and CFL). 8. More guaranteed compensation than in the NFL (MLB, NBA, and NHL). 9. Less restrictive eligibility rules (MLB, NBA, NHL, and MLS).

## YOUR FEDERAL INCOME TAX FOR INDIVIDUALS

---

---

### BEHAVIORAL FINANCE: THE SECOND GENERATION

---

**CFA Institute Research Foundation** Behavioral finance presented in this book is the second-generation of behavioral finance. The first generation, starting in the early 1980s, largely accepted standard finance's notion of people's wants as "rational" wants—restricted to the utilitarian benefits of high returns and low risk. That first generation commonly described people as "irrational"—succumbing to cognitive and emotional errors and misled on their way to their rational wants. The second generation describes people as normal. It begins by acknowledging the full range of people's normal wants and their benefits—utilitarian, expressive, and emotional—distinguishes normal wants from errors, and offers guidance on using shortcuts and avoiding errors on the way to satisfying normal wants. People's normal wants include financial security, nurturing children and families, gaining high social status, and staying true to values. People's normal wants, even more than their cognitive and emotional shortcuts and errors, underlie answers to important questions of finance, including saving and spending, portfolio construction, asset pricing, and market efficiency.

## THE OXFORD HANDBOOK OF TRANSLATION AND SOCIAL PRACTICES

---

**Oxford University Press** The discipline of translation studies has gained increasing importance at the beginning of the 21st century as a result of rapid globalization and the development of computer-based translation methods. Today, changing political, economic, health, and environmental realities across the world are generating previously unknown inter-language communication challenges that can only be understood through a socially-oriented and data-driven approach. The *Oxford Handbook of Translation and Social Practices* draws on a wide array of case studies from all over the world to demonstrate the value of different forms of translation - written, oral, audiovisual - as social practices that are essential to achieve sustainability, accessibility, inclusion, multiculturalism, and multilingualism. Edited by Meng Ji and Sara Laviosa, this timely collection illustrates the manifold interactions between translation studies and the social and natural sciences, enabling for the first time the exchange of research resources and methods between translation and other domains' experts. Twenty-nine chapters by international scholars and professional translators apply translation studies methods to a wide range of fields, including healthcare, environmental policy, geological and cultural heritage conservation, education, tourism, comparative politics, conflict mediation, international law, commercial law, immigration, and indigenous rights. The articles engage with numerous languages, from European and Latin American contexts to Asian and Australian languages, giving unprecedented weight to the translation of indigenous languages. The Handbook highlights how translation studies generate innovative solutions to long-standing and emerging social issues, thus reformulating the scope of this discipline as a socially-oriented, empirical, and ethical research field in the 21st century.

### UNDERSTANDING UK SPORT POLICY IN CONTEXT

---

**Routledge** The London Olympics of 2012 acted as a focal point for an examination of UK sport policy. Individual chapters from leading specialists in their fields focus upon the central components of the UK's model of sport - for example elite, school and community sport and talent ID policies - and discuss what kind of legacy 2012 is likely to leave on the sports landscape in years to come. The concept of legacy is a common theme running through all contributions which themselves stem from a wide variety of academic disciplines and sub-disciplines, including sport psychology, political science, sports studies, cultural studies and sociology. A wide range of topics and organisations are covered throughout the volume, including coaching, talent ID, school sports partnerships, PE and youth sport, participation in sport, the IOC and the Olympic Charter, the Olympic Movement and Islamic Culture and, finally, issues of regeneration through sports mega-events. This book was published as a special issue of the *International Journal of Sport Policy*.

### ARCHITECTS OF THE EURO

---

#### INTELLECTUALS IN THE MAKING OF EUROPEAN MONETARY UNION

---

**Oxford University Press** Who were key figures in the making of European monetary union? Which ideas did they contribute to ensuring that monetary union would be sustainable? How prescient were they in identifying the necessary and sufficient foundations of a sustainable monetary union? This book provides the first systematic historical examination of key architects of European monetary union in the period before its launch in 1999. Using original archival and interview research, it investigates the intellectual and career backgrounds of these architects, their networking skills, and their own doubts and reservations about the way in which monetary union was being constructed. In the light of the later Euro Area, Architects of the Euro deals critically with not just their contribution to the making of European monetary union but also their legacy. The book brings together a distinguished group of scholars working on the history of Economic and Monetary Union.

#### U. S. SANCTIONS ON RUSSIA

---

**Independently Published** Sanctions are considered by many to be a central element of U.S. policy to counter Russian malign behavior. Most Russia-related sanctions have been in response to Russia's 2014 invasion of Ukraine. In addition, the United States has imposed sanctions on Russia in response to human rights abuses, election interference and cyberattacks, weapons proliferation, illicit trade with North Korea, support to Syria, and use of a chemical weapon. The United States also employs sanctions to deter further objectionable activities. Most Members of Congress support a robust use of sanctions amid concerns about Russia's international behavior and geostrategic intentions. Ukraine-related sanctions are mainly based on four executive orders (EOs) the President introduced in 2014. In addition, Congress passed and the President signed into law two acts establishing sanctions in response to Russia's invasion of Ukraine: the Support for the Sovereignty, Integrity, Democracy, and Economic Stability of Ukraine Act of 2014 (SSIDES; P.L. 113-95) and the Ukraine Freedom Support Act of 2014 (UFSA; P.L. 113-272). In 2017, Congress passed and the President signed into law the Countering Russian Influence in Europe and Eurasia Act of 2017 (CRIIEEA; P.L. 115-44, Countering America's Adversaries Through Sanctions Act [CAATSA], Title II). This legislation codifies Ukraine-related and cyberrelated EOs, strengthens existing Russia-related sanctions authorities, and identifies several new targets for sanctions. It also establishes congressional review of any action the President takes to ease or lift a variety of sanctions. Additional sanctions on Russia may be forthcoming. On August 6, 2018, the United States determined that in March 2018 the Russian government used a chemical weapon in the United Kingdom in contravention of international law. In response, the United States launched an initial round of sanctions on Russia, as required by the Chemical and Biological Weapons Control and Warfare Elimination Act of 1991 (CBW Act; P.L. 102-182, Title III). The law requires a second, more severe round of sanctions in the absence of Russia's reliable commitment to no longer use such weapons. The United States has imposed most Ukraine-related sanctions on Russia in coordination with the European Union (EU). Since 2017, the efforts of Congress and the Trump Administration to tighten U.S. sanctions on Russia have prompted some degree of concern in the EU about U.S. commitment to sanctions coordination and U.S.-EU cooperation on Russia and Ukraine more broadly. The EU, in addition, continues to consider its response to Russia's use of a chemical weapon in the United Kingdom. Debates about the effectiveness of U.S. and other sanctions on Russia continue in Congress, in the Administration, and among other stakeholders. Russia has not reversed its occupation and annexation of Ukraine's Crimea region, nor has it stopped fostering separatism in eastern Ukraine. With respect to other malign activities, the relationship between sanctions and Russian behavior is difficult to determine. Nonetheless, many observers argue that sanctions help to restrain Russia or that their imposition is an appropriate foreign policy response regardless of immediate effect. In the 115th Congress, several bills have been introduced to increase the use of sanctions in response to Russia's malign activities. The 116th Congress is likely to continue to debate the role of sanctions in U.S. foreign policy toward Russia.

#### THE TONGUE AND QUILL

---

##### AFH 33-337

The Tongue and Quill has been a valued Air Force resource for decades and many Airmen from our Total Force of uniformed and civilian members have contributed their talents to various editions over the years. This revision is built upon the foundation of governing directives and user's inputs from the unit level all the way up to Headquarters Air Force. A small team of Total Force Airmen from the Air University, the United States Air Force Academy, Headquarters Air Education and Training Command (AETC), the Air Force Reserve Command (AFRC), Air National Guard (ANG), and Headquarters Air Force compiled inputs from the field and rebuilt The Tongue and Quill to meet the needs of today's Airmen. The team put many hours into this effort over a span of almost two years to improve the content, relevance, and organization of material throughout this handbook. As the final files go to press it is the desire of The Tongue and Quill team to say thank you to every Airman who assisted in making this edition better; you have our sincere appreciation!

#### CFPB SUPERVISION AND EXAMINATION MANUAL

---

**Createspace Independent Publishing Platform** Part 2 of 2 Today we are releasing Version 2 of the CFPB Supervision and Examination Manual, the guide our examiners use in overseeing companies that provide consumer financial products and services. Our manual, originally released in October 2011, describes how the CFPB supervises and examines these providers and gives our examiners direction on how to determine if companies are complying with consumer financial protection laws. We updated the supervision manual to reflect the renumbering of the consumer financial protection regulations for which the CFPB is responsible. The numbering conventions in the Code of Federal Regulations (CFR) allow the reader to easily identify which regulations fall under a particular agency's responsibility. The renumbering incorporated throughout the manual reflects the Dodd-Frank Act of 2010 transfer of rulemaking responsibility for many consumer financial protection regulations from other Federal agencies to the CFPB. In December 2011, the CFPB published its renumbered regulations in the Federal Register. The renumbered regulations also included certain technical changes but no substantive changes. The CFPB's renumbering reflects the codification of its regulations in Title 12 (Banks and Banking), Chapter X (Bureau of Consumer Financial Protection) of the CFR. For example, before July 21, 2011, the Federal Reserve had rulemaking authority for the Home Mortgage Disclosure Act, which was codified in Title 12, Chapter II (Federal Reserve System), Part 203. The CFPB's implementing regulation for the Home Mortgage Disclosure Act is now codified in Title 12, Chapter X, Part 1003.

#### A BASIC GUIDE TO EXPORTING

---

**Skyhorse Publishing Inc.** Here is practical advice for anyone who wants to build their business by selling overseas. The International Trade Administration covers key topics such as marketing, legal issues, customs, and more. With real-life examples and a full index, A Basic Guide to Exporting provides expert advice and practical solutions to meet all of your exporting needs.

#### THE STRUCTURING OF ORGANIZATIONS

---

##### A SYNTHESIS OF THE RESEARCH

**Prentice Hall** How do organizations structure themselves? A synthesis of the empirical literature in the field, supported by numerous examples and illustrations, provides images that produce a theory. The author introduces five basic configurations of structure - the simple structure, the machine bureaucracy, the professional bureaucracy, the divisionalized form, and the adhocracy. This book reveals that structure seems to be at the root of many questions about organizations and why they function as they do.

#### A GUIDE TO STARTING A BUSINESS IN MINNESOTA

---

"This twenty-seventh edition of A Guide to Starting a Business in Minnesota, like its predecessors, is intended to provide a concise, summary discussion of the major issues faced by those starting a business in Minnesota. This edition of the Guide contains three major sections: the narrative text; a Resource Directory, which provides addresses and telephone numbers of organizations referenced in the text; and the Directory of Licensed and Permits, which lists all business licenses and permits required by the State of Minnesota, the state agency which issues or administers the license or permit, and a telephone number for obtaining more information. Topics presented in the narrative text are presented in the order in which the new business owner typically must address them."--Preface

#### RANGER HANDBOOK (LARGE FORMAT EDITION)

---

**Allegro Editions** The history of the American Ranger is a long and colorful saga of courage, daring, and outstanding leadership. It is a story of men whose skills in the art of fighting have seldom been surpassed. The United States Army Rangers are an elite military formation that has existed, in some form or another, since the American Revolution. A group of highly-trained and well-organized soldiers, US Army Rangers must be prepared to handle any number of dangerous, life-threatening situations at a moment's notice and they must do so calmly and decisively. This is their handbook. Packed with down-to-earth, practical information, The Ranger Handbook contains chapters on Ranger leadership, battle drills, survival, and first aid, as well as sections on military mountaineering, aviation, waterborne missions, demolition, reconnaissance and communications. If you want to be prepared for anything, this is the book for you. Readers interested in related titles from The U.S. Army will also want to see: Army Guerrilla Warfare Handbook (ISBN: 9781626542730) Army Guide to Boobytraps (ISBN: 9781626544703) Army Improvised Munitions Handbook (ISBN: 9781626542679) Army Leadership Field Manual FM 22-100 (ISBN: 9781626544291) Army M-1 Garand Technical Manual (ISBN: 9781626543300) Army Physical Readiness Training with Change FM 7-22 (ISBN: 9781626544017) Army Special Forces Guide to Unconventional Warfare (ISBN: 9781626542709) Army Survival Manual FM 21-76 (ISBN: 9781626544413) Army/Marine Corps Counterinsurgency Field Manual (ISBN: 9781626544246) Map Reading and Land Navigation FM 3-25.26 (ISBN: 9781626542983) Rigging Techniques, Procedures, and Applications FM 5-125 (ISBN: 9781626544338) Special Forces Sniper Training and Employment FM 3-05.222 (ISBN: 9781626544482) The Infantry Rifle Platoon and Squad FM 3-21.8 / 7-8 (ISBN: 9781626544277) Understanding Rigging (ISBN: 9781626544673)

#### WORLD WILDLIFE CRIME REPORT 2020

---

##### TRAFFICKING IN PROTECTED SPECIES

**UN** The report presents the latest assessment of global trends in wildlife crime. It includes discussions on illicit rosewood, ivory, rhino horn, pangolin scales, live reptiles, tigers and other big cats, and European eel. The COVID-19 (coronavirus) pandemic has highlighted that wildlife crime is a threat not only to the environment and biodiversity, but also to human health, economic development and security. Zoonotic diseases - those caused by pathogens that spread from animals to humans - represent up to 75% of all emerging infectious diseases. Trafficked wild species and the resulting products offered for human consumption, by definition, escape any hygiene or sanitary control, and therefore pose even greater risks of infection.

#### INTELLIGENCE-LED POLICING

---

---

## THE NEW INTELLIGENCE ARCHITECTURE

---

"Intelligence in today's policing environment must adapt to the new realities presented by terrorism and conventional crimes. These new realities require increased collaboration in information gathering and intelligence sharing. ... Intelligence-led policing is a collaborative enterprise based on improved intelligence operations and community-oriented policing and problem solving, which the field has considered beneficial for many years. To implement intelligence-led policing, police organizations need to reevaluate their current policies and protocols. Intelligence must be incorporated into the planning process to reflect community problems and issues. Information sharing must become a policy, not an informal practice. Most important, intelligence must be contingent on quality analysis of data. The development of analytical techniques, training, and technical assistance needs to be supported. ... This document identifies four levels of intelligence capabilities for state and local agencies. At each level, steps can be taken to help agencies incorporate intelligence-led policing strategies. These steps include adopting mission statements, writing intelligence policies and procedures, participating in information sharing, establishing appropriate security, and adopting legal safeguards to protect the public's privacy and civil liberties."--Executive Summary.

## HER EYES

---

**University Press of Amer** Her Eyes was originally published in 1952 and is recognized by many scholars as Bozorg Alavi's finest novel. Alavi, a leading contemporary Persian writer and a champion of the Left, is well known for his political activism, which led to his imprisonment in Iran under the regime of Reza Shah. Her Eyes is the story of Farangis, a member of the Iranian upper class whose life of leisure has left her without employable skills. Despairing, she enrolls in a Parisian art school, only to discover that she is severely lacking as a painter. She returns to Iran to participate in the political activities of Ostad Makan, Iran's greatest painter. This most popular of Alavi's novels, translated into English for the first time, presents a realistic picture of 20th-century Iran in the throes of rapid, forced modernization. Co-published with the Persian Heritage Foundation.
