University Success Writing 3 *Pearson Education* ESL University Success Writing is designed for English language learners preparing for mainstream academic environments. A flexible three-part approach systematically builds skills tied to specific learning outcomes along with authentic writing strategies from top Stanford University professors. A strong focus on critical and creative thinking prepares students to approach writing assignments in different disciplines and write in academic degree classes. The Writing stand supports students through the writing process and moves them away from the production of highly structured essays. * Each part is a self-contained module allowing teachers to focus on the highest-value skills and content. Topics are aligned around science, technology, engineering, arts, and mathematics (STEAM) content. - Parts 1 and 2 include presentation and controlled writing practice that guide students through the writing process while building their essential writing and critical thinking skills. - Part 3 includes interviews with professors discussing their own writing processes. Assignments allow students to apply and expand the skills acquired in Parts 1 and 2. * Additional online skill and vocabulary practices, collaboration activities, and assessments. * Strategies for academic success and soft skills delivered via online videos. * NEW! You can now create unique custom University Success content packs with Pearson Collections. English Language Proficiency Assessments for Young Learners *Routledge* English Language Proficiency Assessments for Young Learners provides both theoretical and empirical information about assessing the English language proficiency of young learners. Using large-scale standardized English language proficiency assessments developed for international or U.S. contexts as concrete examples, this volume illustrates rigorous processes of developing and validating assessments with considerations of young learners' unique characteristics. In this

volume, young learners are defined as school-age children from approximately 5 to 13 years old, learning English as a foreign language (EFL) or a second language (ESL). This volume also discusses innovative ways to assess young learners' English language abilities based on empirical studies, with each chapter offering stimulating ideas for future research and development work to improve English language assessment practices with young learners. English Language Proficiency Assessments for Young Learners is a useful resource for students, test developers, educators, and researchers in the area of language testing and assessment.
