A SERIES OF CATASTROPHES AND MIRACLES

A TRUE STORY OF LOVE, SCIENCE, AND CANCER

National Geographic Books A wry, witty account of what it is like to face death—and be restored to life. After being diagnosed in her early 40s with metastatic melanoma—a "rapidly fatal" form of cancer—journalist and mother of two Mary Elizabeth Williams finds herself in a race against the clock. She takes a once-in-a-lifetime chance and joins a clinical trial for immunotherapy, a revolutionary drug regimen that trains the body to vanquish malignant cells. Astonishingly, her cancer disappears entirely in just a few weeks. But at the same time, her best friend embarks on a cancer journey of her own—with very different results. Williams's experiences as a patient and a medical test subject reveal with stark honesty what it takes to weather disease, the extraordinary new developments that are rewriting the rules of science—and the healing power of human connection.

A CANCER IN THE FAMILY

TAKE CONTROL OF YOUR GENETIC INHERITANCE

Penguin A Kirkus Best Book of 2016 Oncologist and cancer gene hunter Theo Ross delivers the first authoritative, go-to for people facing a genetic predisposition for cancer There are 13 million people with cancer in the United States, and it's estimated that about 1.3 million of these cases are hereditary. Yet despite advanced training in cancer genetics and years of practicing medicine, Dr. Theo Ross was never certain whether the history of cancers in her family was simple bad luck or a sign that they were carriers of a cancer-causing genetic mutation. Then she was diagnosed with melanoma, and for someone with a dark complexion, melanoma made no sense. It turned out there was a genetic factor at work. Using her own family's story, the latest science of cancer genetics, and her experience as a practicing physician, Ross shows readers how to spot the patterns of inherited cancer, how to get tested for cancer-causing genes, and what to do if you have one. With a foreword by Siddhartha Mukherjee, prize winning author of The Emperor of All Maladies, this will be the first authoritative, go-to for people facing inherited cancer, this book empowers readers to face their genetic heritage without fear and to make decisions that will keep them and their families healthy.

THE DEATH OF CANCER

AFTER FIFTY YEARS ON THE FRONT LINES OF MEDICINE, A PIONEERING ONCOLOGIST REVEALS WHY THE WAR ON CANCER IS WINNABLE--AND HOW WE CAN GET THERE

Sarah Crichton Books Cancer touches everybody's life in one way or another. But most of us know very little about how the disease works, why we treat it the way we do, and the personalities whose dedication got us where we are today. For fifty years, Dr. Vincent T. DeVita Jr. has been one of those key players: he has held just about every major position in the field, and he developed the first successful chemotherapy treatment for Hodgkin's lymphoma, a breakthrough the American Society of Clinical Oncologists has called the top research advance in half a century of chemotherapy. As one of oncology's leading figures, DeVita knows what cancer looks like from the lab bench and the bedside. The Death of Cancer is his illuminating and deeply personal look at the science and the history of one of the world's most formidable diseases. In DeVita's hands, even the most complex medical concepts are comprehensible. Cowritten with DeVita's daughter, the science writer Elizabeth DeVita-Raeburn, The Death of Cancer is also a personal tale about the false starts and major breakthroughs, the strong-willed oncologists who clashed with conservative administrators (and one another), and the courageous patients whose willingness to test cutting-edge research helped those oncologists find potential treatments. An emotionally compelling and informative read, The Death of Cancer is also a call to arms. DeVita believes that we're well on our way to curing cancer but that there are things we need to change in order to get there. Mortality rates are declining, but America's cancer patients are still being shortchanged—by timid doctors, by misguided national agendas, by compromised bureaucracies, and by a lack of access to information about the strengths and weaknesses of the nation's cancer centers. With historical depth and authenticity, DeVita reveals the true story of the fight against cancer. The Death of Cancer is an ambitious, vital book about a life-and-death subject that touches us all.

GRAPHIC MEDICINE MANIFESTO

Penn State Press This inaugural volume in the Graphic Medicine series establishes the principles of graphic medicine and begins to map the field. The volume combines scholarly essays by members of the editorial team with previously unpublished visual narratives by Ian Williams and MK Czerwiec, and it includes arresting visual work from a wide range of graphic medicine practitioners. The book's first section, featuring essays by Scott Smith and Susan Squier, argues that as a new area of scholarship, research on graphic medicine has the potential to challenge the conventional boundaries of academic disciplines, raise questions about their foundations, and reinvigorate literary scholarship—and the notion of the literary text—for a broader audience. The second section, incorporating essays by Michael Green and Kimberly Myers, demonstrates that graphic medicine narratives can engage members of the health professions with literary and visual representations and symbolic practices that offer patients, family members, physicians, and other caregivers new ways to experience and work with the complex challenges of the medical experience. The final section, by Ian Williams and MK Czerwiec, focuses on the practice of creating graphic narratives, iconography, drawing as a social practice, and the nature of comics as visual rhetoric. A conclusion (in comics form) testifies to the diverse and growing graphic medicine community. Two valuable bibliographies guide readers to comics and scholarly works relevant to the field.

STORIES TO TELL

A MEMOIR

Simon and Schuster National Bestseller Legendary musician Richard Marx offers an enlightening, entertaining look at his life and career. Richard Marx is one of the most accomplished singer-songwriters in the history of popular music. His self-titled 1987 album went triple platinum and made him the first male solo artist (and second solo artist overall after Whitney Houston) to have four singles from their debut crack the top three on the Billboard Hot 100. His follow-up, 1989's Repeat Offender, was an even bigger smash, going quadruple platinum and landing two singles at number one. He has written fourteen number one songs in total, shared a Song of the Year Grammy with Luther Vandross, and collaborated with a variety of artists including NSYNC, Josh Groban, Natalie Cole, and Keith Urban. Lately,

he's also become a Twitter celebrity thanks to his outspokenness on social issues and his ability to out-troll his trolls. In *Stories to Tell*, Marx uses this same engaging, straight-talking style to look back on his life and career. He writes of how Kenny Rogers changed a single line of a song he'd written for him then asked for a 50% cut—which inspired Marx to write one of his biggest hits. He tells the uncanny story of how he wound up curled up on the couch of Olivia Newton-John, his childhood crush, watching *Xanadu*. He shares the tribulations of working with the all-female hair metal band Vixen and appearing in their video. Yet amid these entertaining celebrity encounters, Marx offers a more sobering assessment of the music business as he's experienced it over four decades—the challenges of navigating greedy executives and grueling tour schedules, and the rewards of connecting with thousands of fans at sold-out shows that make all the drama worthwhile. He also provides an illuminating look at his songwriting process and talks honestly about how his personal life has inspired his work, including finding love with wife Daisy Fuentes and the mystery illness that recently struck him—and that doctors haven't been able to solve. *Stories to Tell* is a remarkably candid, wildly entertaining memoir about the art and business of music.

THE STORY OF MY TITS

Idw - Top Shelf "When Jennifer Hayden was diagnosed with breast cancer at the age of 43, she realized that her tits told a story. Across a lifetime, they'd held so many meanings: hope and fear, pride and embarrassment, life and death. And then they were gone. Now, their story has become a way of understanding her story: a journey from the innocence of youth to the chaos of adulthood, through her mother's mastectomy, her father's mistress, her husband's music, and the endlessly evolving definition of family. As cancer strikes three different lives, some relationships crumble while others emerge even stronger, and this sarcastic child of the '70s finally finds a goddess she can believe in" --

KIMIKO DOES CANCER

A GRAPHIC MEMOIR

arsenal pulp press At the age of twenty-five, Kimiko Tobimatsu was a young, queer, mixed-race woman with no history of health problems whose world was turned upside down when she was diagnosed with breast cancer. In an instant, she became immersed in a new and complicated life of endless appointments, evaluations, and treatments, and difficult conversations with her partner and parents. Kimiko knew that this wasn't what being twenty-five was supposed to be like ... but then, she didn't have a choice. With tender illustrations by Keet Geniza, *Kimiko Does Cancer* is a graphic memoir that upends the traditional "cancer narrative" from a young woman's perspective, confronting issues such as dating while in menopause, navigating work and treatment, and talking to well-meaning friends, health care professionals, and other cancer survivors with viewpoints different from her own. Not one for pink ribbons or runs for the cure, Kimiko seeks connection within the cancer community while also critiquing the mainstream cancer experience. Honest and poignant, *Kimiko Does Cancer* is about finding one's own way out of a health crisis.

AFGHANISTAN - CULTURE SMART!

THE ESSENTIAL GUIDE TO CUSTOMS & CULTURE

Kuperard Afghanistan is situated at the crossroads of Asia, a strategically important location that connects the Middle East with Central Asia and the Indian subcontinent. Down the ages it has been subjected to continuous foreign invasion and intervention—from Alexander the Great to Genghis Khan, and as a pawn in the struggle between the British and Russian Empires—making its people wary of outsiders. That history is being repeated in the twenty-first century. Afghanistan has always been seen from the outside as a realm of much intrigue and many myths. The Afghans tried to keep their distance from the outside world—especially from the Europeans who, whether in pursuit of imperial goals or simply as explorer-travelers, attempted to enter and traverse the land. Their very elusiveness attracted Westerners to this landlocked country of high mountains and breathtaking beauty, where age-old customs and traditions were zealously guarded, sometimes at the cost of many lives. The Afghan people are a tapestry of ethnicities woven over time—Pashtuns, Tajiks, Hazaras, Uzbeks, and many smaller ones. Society is organized mainly along ethnic and tribal lines, but ethnic identity becomes irrelevant when a common enemy threatens to take control of the country. There are also many shared values and unwritten codes of conduct that govern interpersonal relations, which are not taken lightly. Visitors are struck by the simplicity, hospitality, dignity, and generosity of the Afghan people, and often confounded by customs that they find hard to understand. *Culture Smart! Afghanistan* is a unique introduction to the background, habits, traditions, idiosyncrasies, suspicions about foreigners, and patterns of behavior of the Afghan people. It offers visitors invaluable information and insights that will help them to interact with Afghans, to interpret their behavior, and to behave appropriately in their company, whether in personal or business exchanges. Once the ice is broken, the rewards will be great.

SEQUENTIAL DRAWINGS

THE NEW YORKER SERIES

Pantheon From the author of the widely acclaimed graphic novel *Here*, awarded the 2016 Prix D'or for best graphic album at Angoulême, a new graphic work that celebrates another aspect of his incomparable genius. *Sequential Drawings* gathers together more than a decade of McGuire's witty and endlessly inventive spots—a veritable short-story collection—each drawing given its own spread, which, in turn, assures for the reader the experience of surprise and delight that the drawings unfailingly deliver. Richard McGuire's first series of "spot" drawings debuted in *The New Yorker* in February 2005 for the magazine's 80th anniversary issue. Spot drawings, scattered among the magazine's text, had been a long-running feature of *The New Yorker*, and over the years, many artists had contributed them. But McGuire was the first to conceive them as a sequence, and his drawings were something altogether new: deceptively simple images that imbued the series with movement and narrative, telling their own unexpected stories. (In a 3-7/8 x 5-7/8 trim size. With illustrations throughout and an introduction by Luc Sante)

Times Top 25 Non-Fiction Book of 2009 An NPR Best Book of the Year, Best Memoir With this stunning graphic memoir, David Small takes readers on an unforgettable journey into the dark heart of his tumultuous childhood in 1950s Detroit, in a coming-of-age tale like no other. At the age of fourteen, David awoke from a supposedly harmless operation to discover his throat had been slashed and one of his vocal chords removed, leaving him a virtual mute. No one had told him that he had cancer and was expected to die. The resulting silence was in keeping with the atmosphere of secrecy and repressed frustration that pervaded the Small household and revealed itself in the slamming of cupboard doors, the thumping of a punching bag, the beating of a drum. Believing that they were doing their best, David's parents did just the reverse. David's mother held the family emotionally hostage with her furious withdrawals, even as she kept her emotions hidden—including from herself. His father, rarely present, was a radiologist, and although David grew up looking at X-rays and drawing on X-ray paper, it would be years before he discovered the shocking consequences of his father's faith in science. A work of great bravery and humanity, *Stitches* is a gripping and ultimately redemptive story of a man's struggle to understand the past and reclaim his voice.

BOOK OF RHYMES

THE POETICS OF HIP HOP

Civitas Books If asked to list the greatest innovators of modern American poetry, few of us would think to include Jay-Z or Eminem in their number. And yet hip hop is the source of some of the most exciting developments in verse today. The media uproar in response to its controversial lyrical content has obscured hip hop's revolution of poetic craft and experience: Only in rap music can the beat of a song render poetic meter audible, allowing an MC's wordplay to move a club-full of eager listeners. Examining rap history's most memorable lyricists and their inimitable techniques, literary scholar Adam Bradley argues that we must understand rap as poetry or miss the vanguard of poetry today. *Book of Rhymes* explores America's least understood poets, unpacking their surprisingly complex craft, and according rap poetry the respect it deserves.

FURIOUSLY HAPPY

A FUNNY BOOK ABOUT HORRIBLE THINGS

Macmillan "Jenny made me laugh so hard I feared for my safety! I think that's how she was able to get past my defenses and make me feel more okay about myself." -Allie Brosh, author of *Hyperbole and a Half* For fans of David Sedaris, Tina Fey, and Mindy Kaling—the new book from Jenny Lawson, author of the #1 New York Times bestseller *LET'S PRETEND THIS NEVER HAPPENED... IN LET'S PRETEND THIS NEVER HAPPENED*, Jenny Lawson baffled readers with stories about growing up the daughter of a taxidermist. In her new book, *FURIOUSLY HAPPY*, Jenny explores her lifelong battle with mental illness. A hysterical, ridiculous book about crippling depression and anxiety? That sounds like a terrible idea. And terrible ideas are what Jenny does best. According to Jenny: "Some people might think that being 'furiously happy' is just an excuse to be stupid and irresponsible and invite a herd of kangaroos over to your house without telling your husband first because you suspect he would say no since he's never particularly liked kangaroos. And that would be ridiculous because no one would invite a herd of kangaroos into their house. Two is the limit. I speak from personal experience. My husband says that none is the new limit. I say he should have been clearer about that before I rented all those kangaroos." "Most of my favorite people are dangerously fucked-up but you'd never guess because we've learned to bare it so honestly that it becomes the new normal. Like John Hughes wrote in *The Breakfast Club*, 'We're all pretty bizarre. Some of us are just better at hiding it.' Except go back and cross out the word 'hiding.'" Jenny's first book, *LET'S PRETEND THIS NEVER HAPPENED*, was ostensibly about family, but deep down it was about celebrating your own weirdness. *FURIOUSLY HAPPY* is a book about mental illness, but under the surface it's about embracing joy in fantastic and outrageous ways—and who doesn't need a bit more of that?

MY FIRST FIVE HUSBANDS...AND THE ONES WHO GOT AWAY

A MEMOIR

Crown Rue McClanahan, best known for her portrayal of Blanche Devereaux on the Emmy-award winning series *The Golden Girls* reveals her life in and out of the spotlight in a laugh-out-loud funny

memoir about love, marriage, men, and getting older that is every bit as colorful as the characters she played. Raised in small-town Oklahoma in a house “thirteen telephone poles past the standpipe north of town,” Rue developed her two great passions—theater and men—at an early age. She arrived in New York City in 1957 with two-weeks worth of money in her pocket, hustled her way into a class with the legendary Uta Hagen, and began working her way up in the acting world against the vibrant, free-spirited backdrop of the sixties. That’s when she met and married Husband #1—a handsome rogue of an aspiring actor who quickly left her with a young son. Still, she was determined to make it on the stage and screen—and in the years that followed, rose to the top of the entertainment world with a host of adventures (and husbands) along the way. From her roles on Broadway opposite Dustin Hoffman and Brad Davis, to her first television appearances on *Maude* and *All in the Family*, to the *Golden Girls* era and beyond, *My First Five Husbands* is the irresistible story of one woman’s quest to find herself. Rue is proof that many things can and do get better with age—and that, if she keeps her wits about her, even a small-town girl can make it big. People always ask me if I’m like Blanche. And I say, ‘Well, Blanche was an oversexed, self-involved, man-crazy, vain Southern Belle from Atlanta—and I’m not from Atlanta!’” —Rue McClanahan

LET’S PRETEND THIS NEVER HAPPENED

Penguin The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspably funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let’s Pretend This Never Happened*, Lawson’s long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. DISGRACE

A NOVEL

Penguin J.M. Coetzee’s latest novel, *The Schooldays of Jesus*, is now available from Viking. Late Essays: 2006-2016 will be available January 2018. Set in post-apartheid South Africa, J. M. Coetzee’s searing novel tells the story of David Lurie, a twice divorced, 52-year-old professor of communications and Romantic Poetry at Cape Technical University. Lurie believes he has created a comfortable, if somewhat passionless, life for himself. He lives within his financial and emotional means. Though his position at the university has been reduced, he teaches his classes dutifully; and while age has diminished his attractiveness, weekly visits to a prostitute satisfy his sexual needs. He considers himself happy. But when Lurie seduces one of his students, he sets in motion a chain of events that will shatter his complacency and leave him utterly disgraced. Lurie pursues his relationship with the young Melanie—whom he describes as having hips “as slim as a twelve-year-old’s”—obsessively and narcissistically, ignoring, on one occasion, her wish not to have sex. When Melanie and her father lodge a complaint against him, Lurie is brought before an academic committee where he admits he is guilty of all the charges but refuses to express any repentance for his acts. In the furor of the scandal, jeered at by students, threatened by Melanie’s boyfriend, ridiculed by his ex-wife, Lurie is forced to resign and flees Cape Town for his daughter Lucy’s smallholding in the country. There he struggles to rekindle his relationship with Lucy and to understand the changing relations of blacks and whites in the new South Africa. But when three black strangers appear at their house asking to make a phone call, a harrowing afternoon of violence follows which leaves both of them badly shaken and further estranged from one another. After a brief return to Cape Town, where Lurie discovers his home has also been vandalized, he decides to stay on with his daughter, who is pregnant with the child of one of her attackers. Now thoroughly humiliated, Lurie devotes himself to volunteering at the animal clinic, where he helps put down diseased and unwanted dogs. It is here, Coetzee seems to suggest, that Lurie gains a redeeming sense of compassion absent from his life up to this point. Written with the austere clarity that has made J. M. Coetzee the winner of two Booker Prizes, *Disgrace* explores the downfall of one man and dramatizes, with unforgettable, at times almost unbearable, vividness the plight of a country caught in the chaotic aftermath of centuries of racial oppression.

THE VIXEN STAR BOOK USER GUIDE

HOW TO USE THE STAR BOOK TEN AND THE ORIGINAL STAR BOOK

Springer This book is for anyone who owns, or is thinking of owning, a Vixen Star Book Ten telescope mount or its predecessor. A revolution in amateur astronomy has occurred in the past decade with the wide availability of high tech, computer-driven, Go-To telescopes. Vixen Optics is leading the way by offering the Star Book Ten system, with its unique star map graphics software. The Star Book Ten is the latest version of computer telescope control using star map graphics as a user interface, first introduced in the original Star Book first offered in 2003. The increasingly complicated nature of this software means that learning to optimize this program is not straightforward, and yet the resulting views when all features are correctly deployed can be phenomenal. After a short history of computerized Go-To telescopes for the consumer amateur astronomer market, Chen offers a treasury of technical information. His advice, tips, and solutions aid the user in getting the most out of the Star Book Ten system in observing sessions.

BLUE GOLD

A NOVEL FROM THE NUMA FILES

Simon and Schuster Clive Cussler’s New York Times bestselling *Blue Gold*, now available in ebook, is a heart-pounding thriller in the NUMA adventure series. Kurt Austin navigates the Amazon jungle in search of a legend that could change the path of science—but secretive powers will do anything to stop him. From deep within the Venezuelan rain forest emanates the legend of a white goddess and a mysterious tribe with startling technical accomplishments. Few believe the tribe exists—and even fewer suspect its deity may hold knowledge that can change the course of history. For National Underwater & Marine Agency crew leader Kurt Austin, an investigation into the sudden deaths of rare whales leads him to the Mexican coast, where someone tries to put him and his mini-sub permanently out of commission. Meanwhile, in South America’s lush hills, a specially assigned NUMA crew turns up the white-goddess legend—and a murderous cadre of bio-pirates intent on stealing medicinal secrets worth millions. Soon Austin and his crew realize they’re working the opposite ends of the same grand scheme. A billionaire California tycoon is poised to rise to power by monopolizing the earth’s vastly depleted freshwater reserves and ultimately dominate the world. Austin has a hunch Venezuela’s mythical tribal goddess has some real roots in science, and may be the key to locating a secret formula that could turn vast amounts of seawater into fresh. But with each step into the bush, he and his NUMA team feel like fish out of water—and must fight a deadly, twisting trail of enemies through a dense jungle of treachery, blackmail, and murder.

RECKLESS

Little, Brown Books for Young Readers Ever since Jacob Reckless was a child, he has been escaping to a hidden world through a portal in his father’s abandoned study. Over the years, he has made a name for himself as a finder of enchanted items and buried secrets. He’s also made many enemies and allies—most important, Fox, a beautiful shape-shifting vixen whom Jacob cares for more than he lets on. But life in this other world is about to change. Tragedy strikes when Jacob’s younger brother, Will, follows him through the portal. Brutally attacked, Will is infected with a curse that is quickly transforming him into a Goyl—a ruthless killing machine, with skin made of stone. Jacob is prepared to fight to save his brother, but in a land built on trickery and lies, Jacob will need all the wit, courage, and reckless spirit he can summon to reverse the dark spell—before it’s too late.

THE END OF MEN

AND THE RISE OF WOMEN

Penguin Essential reading for our times, as women are pulling together to demand their rights—A landmark portrait of women, men, and power in a transformed world. “Anchored by data and aromatized by anecdotes, [Rosin] concludes that women are gaining the upper hand.” —The Washington Post Men have been the dominant sex since, well, the dawn of mankind. But Hanna Rosin was the first to notice that this long-held truth is, astonishingly, no longer true. Today, by almost every measure, women are no longer gaining on men: They have pulled decisively ahead. And “the end of men”—the title of Rosin’s Atlantic cover story on the subject—has entered the lexicon as dramatically as Betty Friedan’s “feminine mystique,” Simone de Beauvoir’s “second sex,” Susan Faludi’s “backlash,” and Naomi Wolf’s “beauty myth” once did. In this landmark book, Rosin reveals how our current state of affairs is radically shifting the power dynamics between men and women at every level of society, with profound implications for marriage, sex, children, work, and more. With wide-ranging curiosity and insight unhampered by assumptions or ideology, Rosin shows how the radically different ways men and women today earn, learn, spend, couple up—even kill—has turned the big picture upside down. And in *The End of Men* she helps us see how, regardless of gender, we can adapt to the new reality and channel it for a better future.

120 DAYS OF SODOM

GENERAL PRESS First published in 1904, ‘120 Days of Sodom’ is a 1785 novel by Marquis de Sade, a French nobleman, revolutionary politician, philosopher, and writer celebrated for his literary portrayals of a primarily imagined libertine sexuality. His works include novels, short stories, plays, dialogues, and political tracts. It is the tale of four noble male libertines who choose to follow ultimate sexual gratification in the form of orgies. To this end, they seclude themselves in an isolated castle in the heart of the Black Forest for four months, along with a harem of 46 victims—most of whom are young male and female teenagers.

SHOPLIFTER

Knopf Corrina Park used to have big plans. Studying English literature in college, she imagined writing a successful novel and leading the idealized life of an author. But she's been working at the same advertising agency for the past five years and the only thing she's written is . . . copy. Corrina knows there must be more to life, but and she faces the same question as does everyone in her generation: how to find it? Here is the brilliant debut graphic novel about a young woman's search for happiness and self-fulfillment in the big city. (With two-color illustrations throughout.)

THE TIME TRAVELER'S WIFE

Night Bookmobile Editions A most untraditional love story, this is the celebrated tale of Henry DeTamble, a dashing, adventuresome librarian who inadvertently travels through time, and Clare Abshire, an artist whose life takes a natural sequential course. Henry and Clare's passionate affair endures across a sea of time and captures them in an impossibly romantic trap that tests the strength of fate and basks in the bonds of love. "Niffenegger's inventive and poignant writing is well worth a trip" (Entertainment Weekly).

LIFE ITSELF

A MEMOIR

Grand Central Publishing Roger Ebert is the best-known film critic of our time. He has been reviewing films for the Chicago Sun-Times since 1967, and was the first film critic ever to win a Pulitzer Prize. He has appeared on television for four decades, including twenty-three years as cohost of Siskel & Ebert at the Movies. In 2006, complications from thyroid cancer treatment resulted in the loss of his ability to eat, drink, or speak. But with the loss of his voice, Ebert has only become a more prolific and influential writer. And now, for the first time, he tells the full, dramatic story of his life and career. Roger Ebert's journalism carried him on a path far from his nearly idyllic childhood in Urbana, Illinois. It is a journey that began as a reporter for his local daily, and took him to Chicago, where he was unexpectedly given the job of film critic for the Sun-Times, launching a lifetime's adventures. In this candid, personal history, Ebert chronicles it all: his loves, losses, and obsessions; his struggle and recovery from alcoholism; his marriage; his politics; and his spiritual beliefs. He writes about his years at the Sun-Times, his colorful newspaper friends, and his life-changing collaboration with Gene Siskel. He remembers his friendships with Studs Terkel, Mike Royko, Oprah Winfrey, and Russ Meyer (for whom he wrote *Beyond the Valley of the Dolls* and an ill-fated *Sex Pistols* movie). He shares his insights into movie stars and directors like John Wayne, Werner Herzog, and Martin Scorsese. This is a story that only Roger Ebert could tell. Filled with the same deep insight, dry wit, and sharp observations that his readers have long cherished, this is more than a memoir—it is a singular, warm-hearted, inspiring look at life itself. "I believe that if, at the end, according to our abilities, we have done something to make others a little happier, and something to make ourselves a little happier, that is about the best we can do. To make others less happy is a crime. To make ourselves unhappy is where all crime starts. We must try to contribute joy to the world. That is true no matter what our problems, our health, our circumstances. We must try. I didn't always know this, and am happy I lived long enough to find it out." —from LIFE ITSELF

MOM'S CANCER

Abrams Each year, approximately 1.5 million people in the United States and Canada are diagnosed with cancer. This is one family's story. Winner of the 2005 Eisner Award in the category of Best Digital Comic for the original Web version, *Mom's Cancer* is now available as a graphic novel. An honest, unflinching, and sometimes humorous look at the practical and emotional effect that serious illness can have on patients and their families, *Mom's Cancer* is a story of hope—uniquely told in words and illustrations. Brian Fies is a freelance journalist whose mother was diagnosed with lung cancer. As he and his two sisters struggled with the effects of her illness and her ongoing recovery from treatment, Brian processed the experience in his journal, which took the form of words and pictures. The story that came to be known as "*Mom's Cancer*" first gained notice on the internet. It was posted anonymously, with the intention of sharing information and insights gained from his family's experience. Thanks to the words and illustrations of Brian Fies, readers have already responded that they were surprised and gratified to realize that they weren't alone. Abrams ComicArts is proud to bring this story to a whole new audience.

THE ART OF RACING IN THE RAIN

A NOVEL

Harper Collins NOW A MAJOR MOTION PICTURE FROM FOX 2000 STARRING MILO VENTIMIGLIA, AMANDA SEYFRIED, AND KEVIN COSTNER MEET THE DOG WHO WILL SHOW THE WORLD HOW TO BE HUMAN The New York Times bestselling novel from Garth Stein—a heart-wrenching but deeply funny and ultimately uplifting story of family, love, loyalty, and hope—a captivating look at the wonders and absurdities of human life . . . as only a dog could tell it. "Splendid." —People "The perfect book for anyone who knows that compassion isn't only for humans, and that the relationship between two souls who are meant for each other never really comes to an end. Every now and then I'm lucky enough to read a novel I can't stop thinking about: this is one of them." —Jodi Picoult "It's impossible not to love Enzo." —Minneapolis Star Tribune "This old soul of a dog has much to teach us about being human. I loved this book." —Sara Gruen

THE FEMALE BRAIN

Harmony Since Dr. Brizendine wrote *The Female Brain* ten years ago, the response has been overwhelming. This New York Times bestseller has been translated into more than thirty languages, has sold nearly a million copies between editions, and has most recently inspired a romantic comedy starring Whitney Cummings and Sofia Vergara. And its profound scientific understanding of the nature and experience of the female brain continues to guide women as they pass through life stages, to help men better understand the girls and women in their lives, and to illuminate the delicate emotional machinery of a love relationship. Why are women more verbal than men? Why do women remember details of fights that men can't remember at all? Why do women tend to form deeper bonds with their female friends than men do with their male counterparts? These and other questions have stumped both sexes throughout the ages. Now, pioneering neuropsychiatrist Louann Brizendine, M.D., brings together the latest findings to show how the unique structure of the female brain determines how women think, what they value, how they communicate, and who they love. While doing research as a medical student at Yale and then as a resident and faculty member at Harvard, Louann Brizendine discovered that almost all of the clinical data in existence on neurology, psychology, and neurobiology focused exclusively on males. In response to the overwhelming need for information on the female mind, Brizendine established the first clinic in the country to study and treat women's brain function. In *The Female Brain*, Dr. Brizendine distills all her findings and the latest information from the scientific community in a highly accessible book that educates women about their unique brain/body/behavior. The result: women will come away from this book knowing that they have a lean, mean, communicating machine. Men will develop a serious case of brain envy.

DIRTY ROCKER BOYS

Gallery Books An uncensored Hollywood tell-all filled with explicit tales of love, sex, and revenge from the video vixen made famous by Warrant's rock anthem "Cherry Pie." Who could forget the sexy "Cherry Pie" girl from hair metal band Warrant's infamous music video? Bobbie Brown became a bona fide vixen for her playful role as the object of lead singer Jani Lane's desires. But the wide-eyed Louisiana beauty queen's own dreams of making it big in Los Angeles were about to be derailed by her rock-and-roll lifestyle. After her tumultuous marriage to Jani imploded, and her engagement to fast-living Mötley Crüe drummer Tommy Lee ended in a drug haze—followed by his marriage later to Pamela Anderson—Bobbie decided it was time Hollywood's hottest bachelors got a taste of their own medicine. Step one: get high. Step two: get even. In a captivating, completely uncensored confessional, Bobbie explicitly recounts a life among some of the most famous men in Hollywood: Leonardo DiCaprio, Kevin Costner, Mark McGrath, Dave Navarro, Sebastian Bach, Ashley Hamilton, Rob Pilatus of Milli Vanilli, Matthew and Gunnar Nelson, Orgy's Jay Gordon, and many more. No man was off limits as the fun-loving bombshell spiraled into excess, anger, and addiction. Bobbie survived the party—barely—and her riveting, cautionary comeback tale is filled with the wildest stories of sex, drugs, and rock and roll ever told.

JOSEPH ANTON

A MEMOIR

Random House NAMED ONE OF THE BEST BOOKS OF THE YEAR BY San Francisco Chronicle • Newsweek/The Daily Beast • The Seattle Times • The Economist • Kansas City Star • BookPage On February 14, 1989, Valentine's Day, Salman Rushdie was telephoned by a BBC journalist and told that he had been "sentenced to death" by the Ayatollah Khomeini. For the first time he heard the word fatwa. His crime? To have written a novel called *The Satanic Verses*, which was accused of being "against Islam, the Prophet and the Quran." So begins the extraordinary story of how a writer was forced underground, moving from house to house, with the constant presence of an armed police protection team. He was asked to choose an alias that the police could call him by. He thought of writers he loved and combinations of their names; then it came to him: Conrad and Chekhov—Joseph Anton. How do a writer and his family live with the threat of murder for more than nine years? How does he go on working? How does he fall in and out of love? How does despair shape his thoughts and actions, how and why does he stumble, how does he learn to fight back? In this remarkable memoir Rushdie tells that story for the first time; the story of one of the crucial battles, in our time, for freedom of speech. He talks about the sometimes grim, sometimes comic realities of living with armed policemen, and of the close bonds he formed with his protectors; of his struggle for support and understanding from governments, intelligence chiefs, publishers, journalists, and fellow writers; and of how he regained his freedom. It is a book of exceptional frankness and honesty, compelling, provocative, moving, and of vital importance. Because what happened to Salman Rushdie was the first act of a drama that is still unfolding somewhere in the world every day. Praise for Joseph Anton "A harrowing, deeply felt and revealing document: an autobiographical mirror of the big, philosophical preoccupations that have animated Mr. Rushdie's work throughout his career."—Michiko Kakutani, *The New York Times* "A splendid book, the finest . . . memoir to cross my desk in many a year."—Jonathan Yardley, *The Washington Post* "Thoughtful and astute . . . an important book."—USA Today "Compelling, affecting . . . demonstrates Mr. Rushdie's ability as a stylist and storyteller. . . . [He] reacted with great bravery and even heroism."—*The Wall Street Journal* "Gripping, moving and entertaining . . . nothing like it has ever been written."—*The Independent (UK)* "A thriller, an epic, a political essay, a love story, an ode to liberty."—*Le Point (France)* "Action-packed . . . in a literary class by itself . . . Like Isherwood, Rushdie's eye is a camera lens—firmly placed in one perspective and never out of focus."—*Los Angeles Review of Books* "Unflinchingly honest . . . an engrossing, exciting, revealing and often shocking book."—*de Volkskrant (The Netherlands)* "One of the best memoirs you may ever read."—DNA (India) "Extraordinary . . . Joseph Anton beautifully modulates between . . . moments of accidental hilarity, and the higher purpose Rushdie saw in opposing—at all costs—any curtailment on a writer's freedom."—*The Boston Globe*

BEAUTY WITHOUT THE BREAST

Harvard University Press Felicia Knaul, an economist who has lived and worked for two decades in Latin America on health and social development, documents the personal and professional sides of her breast cancer experience. *Beauty without the Breast* contrasts her difficult but inspiring journey with that of the majority of women throughout the world who face not only the disease but stigma,

discrimination, and lack of access to health care. This wrenching contrast is the cancer divide — an equity imperative in global health. Knaul exposes barriers affecting women in low and middle-income countries and highlights the role of men, family, and community in responding to the challenge of breast cancer. She shares striking data about breast cancer, a leading killer of young women in developing countries, and narrates the process of applying this evidence and launching *Tómatelo a Pecho* (also the book title in Spanish)— a Mexico-based program promoting awareness and access to health care. The book concludes with letters from Dr. Julio Frenk, her husband and former Minister of Health of Mexico, written while they shared the trauma of diagnosis and treatment. With force and lucidity, the book narrates the journey of patient and family as they courageously navigate disease and survivorship.

FRAMEWORK FOR EQUITABLE ALLOCATION OF COVID-19 VACCINE

National Academies Press In response to the coronavirus disease 2019 (COVID-19) pandemic and the societal disruption it has brought, national governments and the international community have invested billions of dollars and immense amounts of human resources to develop a safe and effective vaccine in an unprecedented time frame. Vaccination against this novel coronavirus, severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), offers the possibility of significantly reducing severe morbidity and mortality and transmission when deployed alongside other public health strategies and improved therapies. Health equity is intertwined with the impact of COVID-19 and there are certain populations that are at increased risk of severe illness or death from COVID-19. In the United States and worldwide, the pandemic is having a disproportionate impact on people who are already disadvantaged by virtue of their race and ethnicity, age, health status, residence, occupation, socioeconomic condition, or other contributing factors. *Framework for Equitable Allocation of COVID-19 Vaccine* offers an overarching framework for vaccine allocation to assist policy makers in the domestic and global health communities. Built on widely accepted foundational principles and recognizing the distinctive characteristics of COVID-19, this report's recommendations address the commitments needed to implement equitable allocation policies for COVID-19 vaccine.

CONFIDENT WOMEN

SWINDLERS, GRIFTERS, AND SHAPESHIFTERS OF THE FEMINE PERSUASION

HarperCollins A thoroughly entertaining and darkly humorous roundup of history's notorious but often forgotten female con artists and their bold, outrageous scams—by the acclaimed author of *Lady Killers*. From Elizabeth Holmes and Anna Delvey to Frank Abagnale and Charles Ponzi, audacious scams and charismatic scammers continue to intrigue us as a culture. As Tori Telfer reveals in *Confident Women*, the art of the con has a long and venerable tradition, and its female practitioners are some of the best—or worst. In the 1700s in Paris, Jeanne de Saint-Rémy scammed the royal jewelers out of a necklace made from six hundred and forty-seven diamonds by pretending she was best friends with Queen Marie Antoinette. In the mid-1800s, sisters Kate and Maggie Fox began pretending they could speak to spirits and accidentally started a religious movement that was soon crawling with female con artists. A gal calling herself Loreta Janeta Velasquez claimed to be a soldier and convinced people she worked for the Confederacy—or the Union, depending on who she was talking to. Meanwhile, Cassie Chadwick was forging paperwork and getting banks to loan her upwards of \$40,000 by telling people she was Andrew Carnegie's illegitimate daughter. In the 1900s, a 40something woman named Margaret Lydia Burton embezzled money all over the country and stole upwards of forty prized show dogs, while a few decades later, a teenager named Roxie Ann Rice scammed the entire NFL. And since the death of the Romanovs, women claiming to be Anastasia have been selling their stories to magazines. What about today? Spoiler alert: these "artists" are still conning. *Confident Women* asks the provocative question: Where does chutzpah intersect with a uniquely female pathology—and how were these notorious women able to so spectacularly dupe and swindle their victims?

LOGICAL REASONING

Bradley Dowden This book is designed to engage students' interest and promote their writing abilities while teaching them to think critically and creatively. Dowden takes an activist stance on critical thinking, asking students to create and revise arguments rather than simply recognizing and criticizing them. His book emphasizes inductive reasoning and the analysis of individual claims in the beginning, leaving deductive arguments for consideration later in the course.
